

Proceedings of the Public Hearing meeting held on 19th May, 2017 at 9.00 am, at-Near Primary School, Village Ghodabudani, Tahasil-Koira, Dist- Sundargarh in respect of M/s Essar Steel India Limited. for Ghoraburhani-Sagasahi iron ore block with proposed production of 7.16 MTPA of iron ore (ROM) along with crushing and screening plant and beneficiation plant with capacity of 6.7 MTPA over an area of 139.165 ha. at Village- Ghoraburhani, Sagasahi and Kalmang, Tahasil-Koira, Dist-Sundargarh.

The public hearing of M/s Essar Steel India Limited for Ghoraburhani-Sagasahi iron ore block with proposed production of 7.16 MTPA of iron ore (ROM) along with crushing and screening plant and beneficiation plant with capacity of 6.7 MTPA over an area of 139.165 ha. at Village- Ghoraburhani, Sagasahi and Kalmang, Tahasil-Koira, Dist-Sundargarh was held at-Near Primary School, Village Ghodabudani, Tahasil-Koira on 19.05.2017 at 9.00 AM.

Sri R N Mishra, Addl. District Magistrate, Sundargarh presided over the meeting along with Dr. M. Mahaling, Regional officer, Rourkela, State Pollution Control Board, Odisha. ADM, Sundargarh welcomed the public who were present at the venue for participating in the public hearing and informed about the objectives of the Public Hearing meeting.

At the outset Dr. M. Mahaling, Regional officer, Rourkela, State Pollution Control Board, Odisha welcomed the public present in the meeting. He briefly described the objective of the public hearing as per the EIA Notification S.O. 1533(E), dated 14th September 2006 of the Ministry of Environment and Forests & CC, Govt. of India. He informed that the date, time venue for conducting the public hearing of M/s Essar Steel India Limited for Ghoraburhani-Sagasahi iron ore block with proposed production of 7.16 MTPA of iron ore (ROM) along with crushing and screening plant and beneficiation plant with capacity of 6.7 MTPA over an area of 139.165 ha. at Village- Ghoraburhani, Sagasahi and Kalmang, Tahasil-Koira, District Sundargarh was advertised in Odiya daily "The Sambad"

79
and English daily" The New Indian Express" on 18.04.2017. **(Paper cuttings are enclosed)**

On behalf of the project proponent, Mr. Sabyasachi Mohanty, General Manager, Mining of M/s Essar Steel India Limited, gave a brief description about the proposed mining project. He has highlighted that mining lease for the proposed project has been granted for the fifty years and mining plan has also been approved by the Indian Bureau of Mines. He also briefed about the proposed environmental management & pollution control measures to be undertaken for the proposed mining project.

Addl. District Magistrate, Sundargarh invited the public to offer their views on environmental related issues of the proposed mining project. Most of the participants welcomed the proposed mining project for peripheral development & employment to local peoples. The views offered by the participants are enclosed as **Annexure-IV**. Summary of the points raised by the participants in the public hearing in English and Odiya(vernacular language) is enclosed as **Annexure-V(A & B)**.

After the completion of the deliberation process ADM, Sundargarh invited the representative of M/s Essar Steel India Limited to give a brief note on the issues related to the demand and grievances of the local people raised in the public Hearing meeting. Summary of the views of the project proponent on issues raised by the public during public hearing in English and Odiya (vernacular language) is enclosed as **Annexure-VI (A & B)**. During public hearing the proponent has also submitted their commitments in writing, which is enclosed as **Annexure-VII**.

After deliberation of the above and concluding statement by ADM, Sundargarh, Dr. Mukesh Mahaling, Regional Officer, State Pollution Control Board, Odisha gave vote of thanks at the end of public hearing.

The Attendance sheet of the members present in the public hearing is annexed as **Annexure-I**. About 450 participants have attended the public hearing meeting and about 365 persons put their signature in the attendance sheet whose list is annexed as **Annexure-II**. About 43 persons took part in the deliberation. However out of total 43 persons deliberated their views, only 36 persons have put their signatures in the attendance sheet, whose list is annexed as **Annexure-III**. The video recording of the entire proceeding of the public hearing is enclosed as **Compact Disc (CD)**.

Two (02) written statements have been received from the various stake holders before & on the day of public hearing. Copies of the petitions are enclosed as **Annexure-VIII**.

No. 5489/IND-II-PH-722

Date 17.04.17

NOTICE

It is brought to the notice of all concerned that M/s Essar Steel India Ltd., has proposed to have Environmental Assessment for Ghoraburhani-Sagasahi iron ore block with proposed production of 7.16 MTPA of iron ore (ROM) along with crushing and screening plant and beneficiation plant with capacity of 6.7MTPA over an area of 139.165ha. at village-Ghoraburhani, Sagasahi and Kalmang, Tehsil-Koira, Dist-Sundargarh to obtain Environmental Clearance from the Ministry of Environment, Forest & Climate Change, Government of India. The proponent has applied to the State Pollution Control Board, Odisha, Bhubaneswar for a Public Hearing.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification, No. S.O. 1533 (E) dtd. 14.09.2006, the Board has been authorized to conduct environmental public hearing and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site / sites of displacement sites likely to be affected.

For the above purpose, a person will only mean:

- Any person who is likely to be affected by the grant of Environmental Clearance.
- Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- Any association of persons whether incorporated or likely to be affected by the project and/or functioning in the field of environment.
- Any local authority within any part of whose limit is within the neighborhood, where in the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post. Besides this, persons interested to submit their views relevant to the proposed project in writing or orally may also do so during the public hearing to be conducted on 19.05.2017 at 09.00 AM near primary school, At-village Ghodabudani, Tahasil-Koira of Sundargarh district.

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA) / Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odiya is also available in the following offices & the same can also be downloaded from the website: www.ospcboard.org free of cost.

- District Collector's Office, Sundargarh
- District Industries Centre, Sundargarh
- In the office of the Chief Executive Officer, Zilla Parishad, Sundargarh
- In the Head Office of the State Pollution Control Board, Odisha, Paribesh Bhawan, A/118, Nilakanthanagar, Unit-VIII, Bhubaneswar-12
- Regional Office, State Pollution Control Board, Odisha, Rourkela
- Department of Forest & Environment (Environmental, Govt. of Odisha), Bhubaneswar.

For any further clarification in the matter, The Regional Officer, State Pollution Control Board, Rourkela or the Member Secretary, State Pollution Control Board, Odisha at Bhubaneswar may be contacted. Suggestions, comments, objections etc. will not be entertained if not submitted in writing within the stipulated period or not submitted in writing or orally during the public hearing.

Sd/ MEMBER SECRETARY

Annexure-IV

Statements of the public participated in the deliberation during public hearing of M/s Essar Steel India Limited for Ghoraburhani-Sagasahi iron ore block with proposed production of 7.16 MTPA of iron ore (ROM) along with crushing and screening plant and beneficiation plant with capacity of 6.7 MTPA over an area of 139.165 ha. at Village-Ghoraburhani, Sagasahi and Kalmang, Tahasil-Koira, Dist-Sundargarh held on dt. 19.05.2017 at 9.00 AM. at- Near Primary School, At- Village Ghodabudani, Tahasil-Koira of Sundargarh District.

Sl. No.	Name & Address	Views expressed
1.	Sri Sunil Munda, Village-Ghoraburhani	He welcomed the proposed mining project for the development of the local public. He expressed that; proposed mining project would bring development to his village. However, he has demanded that the proponent should provide employments to the local peoples in the mine on priority basis, drinking water facility through pipe line and construction of school building along with appointment of teachers.
2.	Sri Trinath Naik, Village-Kasira	He welcomed the proposed mining project and expressed that mine should operate at the earliest.
3.	Sri Jogeswar Patra, Village-Kolmong	He welcomed the proposed mining project and demand that the proponent should provide employments to the local peoples in the mine.
4.	Sri Ananda Barik, Village-Teherai, Koira	He welcomed the proposed mining project on behalf of general public of Koira Block. He highlighted that Koira is basically a mining area and Local people are depending on mines for their day to day livelihood. He requested to the Government Authorities for accord permission to the proposed mining project for peripheral and economic development of the local public.
5.	Sri Rohit Giri, Village-Ghoraburhani, Malda	He expressed that mine should open for development of local people. He demanded for employment of the local people in the mine as well as provision of drinking water facility through pipeline, 24hr ambulance facility and proper road for transportation of minerals from mines. However he has not put his signature in the attendance sheet.

6.	Smt. Tarini Naik, Zillaparisad, Koira	She welcomed the gathering. She welcomed the company to open the mines for development of all the three villages along with Local people. She requested to the proponent to provide all the facilities to the local public including employments. At the end, she again welcomed the mining project. However she has not put her signature in the attendance sheet.
7.	Smt. Rani Lohar, Sarpanch, Kasira G. P.	She welcomed the proposed project and expressed that mine should operate for providing employments to the local public including villagers of Sagasahi & Kanusahi.
8.	Smt. Sandhya Rani Naik, Sarpanch, Koira G.P	She welcomed the gathering. She welcomed the public hearing for operation of mines with a hope to provide the employment to the unemployed and overall development of the nearby villages. She highlighted that due to mining, deforestation will occur; to compensate it, afforestation programme should be undertaken for protection of environment. She highlighted the basic issues of that area related to drinking water, education and requested to the proponent to solve the issues of drinking water and to provide a school along with quality education to the children of poor villagers. She also expressed that, few outsiders are creating disturbances; however, authorities should ignore them for development of the area. At the end, she welcomed the proposed project with a hope for development. However she has not put her signature in the attendance sheet.
9.	Sri Dasuru Naik, Kolmong, Ex-sarpach, Malda G. P	He expressed that, due to mining activity local people including villagers of Sagasahi, Ghodabhudhani and Kalmong will get benefited along with overall development. At the end he welcomed the proposed project.
10.	Sri Sambaru Munda, Village- Gorabhudani	He expressed that, he is a disabled person and want to know what kind of benefit he can get from the proposed project.
11.	Sri Debera Munda, Village- Sagasahi	He requested to the project proponent to provide employments to the local public in the proposed mine as well as provision of drinking water facilities, provision of school with better education for girls and also provision of medical facilities to the Local people.

12.	Smt. Rina Rani Kumdia, Block Chairman- Koira	She vehemently opposed the public hearing anticipating that, there will be scattering of local people, scarcity of water and destruction of forest due to proposed mining activity. She alleged that, she has not received the notice for public hearing and also expressed that the predecessor Sarpanch has conducted illegal Grama Sabha's for forest clearance for the company. She has also informed that she has submitted a memorandum to the Collector, Sundargarh for cancellation of the public hearing, however, in spite of that the public hearing is being conducted. However she has not put her signature in the attendance sheet.
13.	Sri Dibakar Naik, Sarpanch, Malda G. P	He expressed that, if public hearing will be successful then mining will be carried out, which will cause deforestation, scarcity of water and local public will suffer a lot of difficulties due to mining activities. He expressed that they have submitted a compliant petition to the Collector, Sundargarh opposing the public hearing. He also expressed that, he supports the Malda villagers, who are opposing the public hearing. Also he requested to the District Administration to discuss with them regarding public hearing.
14.	Smt. Pramila Naik, Ex- State Council Member	She welcomed the gathering. She expressed that the local public should welcome the project for their benefit like getting employment, provision of better education to children, benefit to old age people by the company. She welcomed the proposed project with a hope of generating huge employments for the local people.
15.	Smt. Srimati Dehuri, Village- Kalmang	She expressed that, as most of the mines are closed in this area, the people are becoming unemployed, so with opening of proposed mines, the local people will get employment and there will be also development in the local area. She has also expressed that children's will get proper education due to opening of the proposed mine.
16.	Smt. Padma Munda, Samiti Sabhya, Kasira Panchayat	She expressed that, with opening of mine, the livelihood of the nearby villagers will improve, they will get employment and their income will also increase.
17.	Sri Hemant Kumar Patra, Village- Kalmang, Malda	He welcomed the proposed mining project of M/s Essar India Limited and requested for operation of the mine.

18.	Sri Rama Naik, Village-Kalmang	He welcomed the proposed mining project of M/s Essar India Limited with a request to provide various facilities & amenities to Local people. However he has not put his signature in the attendance sheet.
19.	Sri Patel Patra, Village-Kalmang	He welcomed the proposed mining project of M/s Essar India Limited with a request to provide the employment for all local unemployed people and for development of the area.
20.	Sri Laxam Patra, Village-Kalmang	He welcomed the proposed project of M/s Essar India Limited for operation of the mines.
21.	Sri Bhadra Munda, Village-Sagasahi	He welcomed the public hearing for proposed mining project of M/s Essar India Limited. He expressed that with opening of the mines the nearby villagers including villagers of Sagasahi, Kolmong and Godhabudhani will get employments and their earnings will also increase.
22.	Smt. Yogeswapri Patra, Ward Member No.3, Village-Kasira	She expressed her full support for operation of the mine. She also expressed that due to mining, the problem of youth unemployment will be solved, all the people will get benefit and their livelihood will also improve.
23.	Sri Nadia Naik, Ex-Sarpanch, Malda GP	He welcomed the public hearing for proposed mining project of M/s Essar India Limited on behalf of all the three affected villagers. He expressed that for last 78 years the villagers of Goraburahani, Kolmong and Sagasahi were living in a very miserable condition. He expressed that the local peoples are welcoming the proposed project; however few outsiders are creating nuisances. He also expressed that with opening of mine; there will be development in this area. He hinted the example of POSCO in Odisha and how Gujurat is welcoming all the projects with full support. He also expressed that as M/s Essar India Limited has interested for mining project in their area, so they will extend their full support to the company.

24.	Sri Aasman Majhi, Village Malda	<p>He welcomed the gathering. He expressed that basically tribal people are living in this area and primarily, they depends on the forest. He also expressed though majority of the tribal's are welcoming the project but it's a matter of sadness that project authority are not directly discussing with them. He admits that due to mining there will be overall development of this area. However the tribal's who are depending on forest land will be affected. He also expressed that if company will respect the view of the local people and discuss with them, then all will surely welcome the project for creating employments and development of this area. He suggested that as most of the tribal's are uneducated for getting employments; the mine should have provision for manual mining (50 %) and mechanized mining (50 %). He also invited the public present in the meeting to come to stage and express their views about the proposed project as everything is recorded and all the systems are online. At the end, he expressed that with opening of mine; there will be development of the local area.</p>
25.	Sri Pareswar Naik, Ex-Zila Parishad, Village-Koida-Kha	<p>He welcomed the gatherings. He expressed that from last few years all the local publics were eagerly awaiting for operation of mine by M/s Essar Steel India Limited for development of the area. He expressed that few people are only opposing the fully mechanized mode of mining but not opposing the mine opening. He requested to the project proponent and District Administration for provision of 50 % manual mining, for employment of the local people. He also supported the views of Ex-Koida Sarpanch and requested to the authorities for providing high-school, hospital for health care and drinking water facility. He expressed his support to the proposed project on behalf of general public. He also expressed that opposing the project is not wise. Because we are still poor people and will get maximum benefit due to opening of proposed mining, otherwise we will be forced to live like our ancestors. At the end he expressed his full support to the proposed project and requested the public to place their demands before the authorities for development in future.</p>
26.	Sri Batu Munda, Village-Ghorabhurani	<p>He welcomed the gathering. He requested to the authorities to fulfill their following demands:</p> <ol style="list-style-type: none"> 1. The private agricultural lands of Sagasahi village should not be acquired by the company and company should not displace the villagers. 2. Provide regular employments to the villagers of Sagasahi, Godhabudhani & Kolmong on priority basis. 3. Financial assistance to disabled and old age person.

70

		<ol style="list-style-type: none"> 4. Provision of Drinking water facility through pine line, free electricity supply with street light, construction of club for youth, construction of club for women, construction of latrine, construction of dispensary with provision of doctor, free medicines to the local public, providing teacher for education of children, vehicles for conveyance of children's to go to school, financial assistance to poor children's for education, construction of play ground, construction of park and garden in their village, construction of concrete village road, construction of temple etc. 5. The company should construct boundary wall along the dump to avoid washout from dump to the nearby agricultural lands and they should construct permanent concrete roads for ore transportation. 6. Construction of village ponds. 7. The company should allow the local people for transportation of ore and local people should be given priority for engaging their mobile crusher etc as per their ability. They also requested to the authorities to avoid transportation of ore through their villages during puja or any rituals. 8. 50 % manual mining for employments to the local people. <p>He requested to the authorities for giving commitments to fulfill their demands. He also expressed that they will welcome the proposed mining project if their demands will be fulfilled.</p>
27.	Sri Mangal Munda, Village-Sagasahi	He welcomed the gathering. He also expressed his support to the proposed project.
28.	Sri Santosh Kumar Barik, Village-Malda	<p>He welcomed the gathering. He expressed that they will not oppose the mining project as this would bring prosperity and development in the local area. He has also highlighted the following points:</p> <ol style="list-style-type: none"> 1. He highlighted that if mining would be carried out through fully mechanized mode then requirement of work force will be reduced, therefore he requested to the authorities for manual mining partly to generate employments. 2. He also expressed that if proper discussion with the company will not take place at this time, they may not give proper emphasis to the local people at later stage. 3. He expressed that huge quantity of mining is being carried out in Koira sector, however still their region is backward. If one rupee per ton of ore will be collected for development of

		<p>local area and utilized properly then the area will be developed drastically. However he alleged that development in this locality is restricted due to selfishness of some local people.</p> <ol style="list-style-type: none">4. He demanded that, in the proposed project the local people should given emphasis for employment in all technical and non-technical posts and also expressed that if requires, the company authority should give them proper training before employments.5. He demanded before the authority for providing facilities like proper education, school, drinking water, ambulance and latrines for the local people.6. He has highlighted the issues of air pollution due to transportation of minerals on the roads. The conditions of the transportation roads have been deteriorated causing air pollution. Therefore these roads shall be either concreted or blacktopped.7. He has also demanded to give contracts for raising and transportation of ore to the local people on priority basis. <p>At the end he expressed that they will not oppose the proposed mining project for development.</p>
29.	Sri Abinash Suman Bage, Sarpanch, Patmunda GP	<p>He expressed that during his childhood they have suffered a lot for getting proper education as they belong to poor family. At that time communication facility to the school was not there. However with lot of difficulties and struggle he has perused MBA degree in Materials Management. He welcomed the proposed mining project with a hope for development of local people. He demanded before the authority to provide proper education, health care facility, proper transportation and employments for local people.</p>
30	Smt. Gurubari Munda, Ward Member, Sagashi Village	<p>She expressed her support to open the mines and requested others to extend their supports for opening of mines.</p>
31.	Sri Santosh Kumar Barik, Village Boringpur, Malda GP	<p>He welcomed the gathering. He expressed that, everyone knows, if we can plant a tree and watering it today, it will bear fruit and we will eat. In the same manner, he requested to support all the public for opening the mines. He expressed that few people are opposing only due to fully mechanized mode of mining operation. He also expressed that, he does not know why the people are opposing the</p>

		mines; if mines will open there will be development of the local area. At present Central and State Government are interested for peripheral development work, so there will no issue for development of road, health, education etc. However he has not put his signature in the attendance sheet.
32.	Sri Mishra Barik, Village- Teherai	He welcomed the proposed mining project with a hope for development of the local area. He also requested other public present in the meeting not to oppose but to welcome the project. He demanded for providing better education, proper health care facility, proper transportation and providing employments to local public in the proposed project.
33.	Sri Sudhansu Sekhar Sahoo, Village- kolmong	He expressed that in Koira so many mines are operating but it is unfortunate that local public are not getting employments and their area is still undeveloped. He also expressed that they will not oppose the proposed mining project if project authority would give commitments to their demands in written. He also demanded before the authority that during employment and other benefits locals should be given top priority.
34.	Smt. Pramila Behera, Village- Kashira	She demanded before the authority that villagers of the Kashira should be given employment in the proposed mine.
35.	Smt. Malati Sethi, Village- Kashira	She demanded before the authority for providing employments to both the female and male persons of the local villagers irrespective of gender disparity in the proposed project. Also she demanded that all other facilities should be provided by the mine authority and if company will breach their trust then they will stop the mine in future.
36.	Sri Bikash Lohar, Koira G. P	He welcomed the gathering. He also expressed his support to the proposed project for development. However he has expressed his concern for environmental degradation and pollution due to mining activities. He requested to the authority of Pollution Control Board to give special importance to prevent pollution due mining. He also demanded before the project proponent to provide all the facilities to the local public. However he has not put his signature in the attendance sheet.

37.	Sri John Dungdung, Ex P.S Memembr, Koira	He welcomed the gathering. He expressed that development of Sagasahi, Godabudhani & Kolmong will only possible through proposed mining project of M/s Essar India Limited. He extends his support to the company with a request to fulfill the demands made by the villagers.
38.	Sri Bhim Sen Choudhary, Ex-MLA, Bonai	<p>He welcomed the gathering. He expressed his supports for the proposed project. He has requested to the proponent to discuss with the villagers of Kolmong, Sagasahi and Godabudhani and to form village level committees to resolve issues of local employment and engagement of machineries on contract basis in mining activity.</p> <p>He has also highlighted following points:</p> <ol style="list-style-type: none">1. The proponent should clarify that they will not draw water from Sona nala to such an extent that, villagers will not face water scarcity.2. He also expressed that Koira is basically a mining belt. People are mostly depends upon the mine for their livelihood. It is quite unfortunate that, our area is having rich deposits of Iron and Manganese ore and we have to sacrifice for mining activities. However it is also truth that overall development will occur only through mining activities as there is hardly any agricultural land is available.3. He also requested to project proponent to go for partial manual mining for creating local employments. The conditions of village road should also be improved by the mining authority.4. He informed that earlier illegal mining were carried out in the proposed mining area and expressed that legalized mining would leads to development in this area.5. He demanded that, the local schools should be adopted by the company authority and they should provide better infrastructure facilities in the school.6. The local public should take their own responsibility for development and should stop blaming the leaders. <p>At the end he expressed that all the public should welcome the project for their benefit and company should consult with the local people for betterment.</p>

39.	Sri Santosh Kumar Mahakud, Ex-Zillaparisad Member, Koira	<p>He welcomed the gathering and the public hearing for the proposed project. He has also highlighted following points:</p> <ol style="list-style-type: none"> 1. Employment should be given to local people on priority basis. Company authority should adopt a policy for partial manual mining activity to create more employment opportunities for the local villagers. 2. He requested to the project authorities to take care of the environment during mining to prevent air & water pollution. Plantation shall be carried out on either side of the village roads. Transportation roads passing through villages should be concreted. 3. Social security and financial assistance should be provided by the project authority to the project affected people.
40.	Sri Janardan Dehuri, Ex-MLA, Bonai	<p>He welcomed the gathering and proposed project. He has highlighted following points:</p> <ol style="list-style-type: none"> 1. He expressed that few public are opposing only due to lack of communication with them. He has also expressed that commitments made by other mines during public hearing were not yet fulfilled. 2. He has expressed that the project proponent should emphasize how to create more opportunities for large scale employment to the uneducated local tribal. 3. Priority should be given to local people for engaging their machineries during mining operation. 4. Company should constitute village level committees for peripheral development. 5. Company should construct infrastructure facilities and adopt High School for providing better education. 6. The company should prevent washouts from mines to nearby agricultural lands. 7. He requested to the project authorities to fulfill the demands made by the earlier speakers with special emphasis on 50 % mining through manual mode and rest part through mechanized mode.
41.	Sri Dibakar Naik, Representative of Padmashree Sri Dillip Tirkey (M. P Rajya Sabha),	<p>He welcomed the gathering and supported the proposed project. He has highlighted the following points:</p> <ol style="list-style-type: none"> 1. He expressed that, few people are opposing the proposed project but this could have been avoided with proper consultation with them. 2. He strongly demanded that, transportation of ore should not be carried out through pipeline. It should be through road to engage the local vehicles.

	Kashira	<p>3. Also he demanded that, mining should be through both manual mode and mechanized mode to create more employment opportunities for local public.</p> <p>At the end he welcomed the project for local development.</p>
42.	Sri Ramesh Triya, Village- Kolmong	<p>He welcomed the gathering and expressed that people are opposing the proposed project only due to communication gap and proposal for fully mechanized mining. He has requested to the all the authorities present in the meeting that mining operation should be carried out through manual mode (50%) to create more employment opportunities for locals. He also requested that labor employed for manual mining should get minimum wages of Rs. 10,000.00 per month to fulfill their livelihood.</p>
43.	Smt. Sunaphula Patra, Village- Bhajnpalli	<p>She expressed that educated boys and girls are unemployed in her village. She demanded that, the company authority should provide employments to the unemployed boys and girls of her village. She also requested to the project proponent to provide safe drinking water facility, school bus facility, ambulance facility and financial assistance to the old aged persons of local villages.</p>

Annexure-V (A)

Summary of the points raised by the public during public hearing of M/s Essar Steel India Limited for Ghoraburhani-Sagasahi iron ore block with proposed production of 7.16 MTPA of iron ore (ROM) along with crushing and screening plant and beneficiation plant with capacity of 6.7 MTPA over an area of 139.165 ha. at Village- Ghoraburhani, Sagasahi and Kalmang, Tahasil-Koira, Dist-Sundargarh held on dt. 19.05.2017 at 9.00 AM. at- Near Primary School, At- Village Ghodabudani, Tahasil-Koira of Sundargarh District.

1. Most of the public have demanded for providing employment to local people in the proposed mining project on priority basis for improvement of better livelihood of the affected villagers.
2. Public have demanded for part of mining operation should be carried out through manual mode so as to create more employment opportunities for locals as most of the local public are un-educated.
3. Environmental protection measures including plantation, surface runoff management of the mine, control of air & water pollution etc should be undertaken by the project proponent on priority basis.
4. Local public should be given opportunities on priority basis for engagement of their vehicles, mobile crushers and other machineries for mining purposes.
5. The company authority should provide proper infrastructure for better education facilities like construction of school building, school bus for transportation, engagement of teachers, stipend to children and financial assistance for higher study.
6. The company authority should provide proper infrastructure for healthcare facility of local people like construction of hospital, ambulance facilities, free medicines and engagement of doctors in the project affected areas.

7. The company authority should provide safe drinking water facility through pipeline and overhead tanks in the project affected areas.
8. The company authority should construct concrete/blacktopped mineral transportation roads as well as the village roads.
9. The company authority should provide electrification to the villages along with street light facility, house hold latrine etc in the project affected area. Apart from that they should constitute village level committees to resolve issues of local employment, engagement of machineries in the proposed mine and peripheral development in project affected area.

Annexure-VI (A)

Summary of the views of Project Proponent on the issues raised by the public during public hearing of M/s Essar Steel India Limited for Ghoraburhani-Sagasahi iron ore block with proposed production of 7.16 MTPA of iron ore (ROM) along with crushing and screening plant and beneficiation plant with capacity of 6.7 MTPA over an area of 139.165 ha. at Village- Ghoraburhani, Sagasahi and Kalmang, Tahasil-Koira, Dist-Sundargarh held on dt. 19.05.2017 at 9.00 AM. at- Near Primary School, At- Village Ghodabudani, Tahasil-Koira of Sundargarh District.

On behalf of the M/s Essar Steel India Limited, Mr. Sabyasachi Mohanty, General Manager, Mining welcomed the public present and highlighted the major demands raised by the public such as; Environmental Protection, Medical facilities, Electrification, Drinking Water, Education, Employment, Sanitation and road maintenance. Mr. Mohanty has made following commitments to the public during public hearing:

1. Environment Protection: He has assured that necessary measures will be taken for the protection of environment as per the guideline of MOEF & CC, Government of India including plantation programme and surface runoff management practices to prevent washouts from the proposed mine.
2. Medical Facility: He has assured that suitable medical facility including dispensary along with ambulance will be provided.
3. Electrification: He assured that electrification will be taken up by the company authority.
4. Drinking Water: He assured that proper arrangements will be made in phased manner for supply of drinking water from bore well through overhead tanks to the nearby villagers.
5. Education: He assured that quality education facilities along with proper infrastructure will be provided. He also assured that scholarship will also be provided.

6. Employment: He assured that priority will be given for direct and indirect employment to local people as per their eligibility including contractual appointments.
7. Sanitations: He assured that Sulabha Sauchalaya will be provided.
8. Road Maintenance: He assured that road maintenance will be taken up by the company.

At the end he thanked all the participants present in the public hearing.
