PROCEEDINGS OF PUBLIC CONSULTATION (HEARING) OF KHATKURBAHAL (NORTH) BLOCK LIMESTONE MINE OF M/S SHIVA CEMENT LTD. HELD ON 24-08-2021 (9AM) BEHIND JAGANNATH TEMPLE OF KHATKURBAHAL VILLAGE UNDER KUTRA BLOCK OF SUNDARGARH DIST. (ODISHA)

Public consultation (hearing) of M/s Shiva Cement Ltd. was held on 24-08-2021 at 9 am behind Jagannath village of Khatkurbahal village under Kutra Block of Sundargarh district in the state of Odisha for their application relating environmental clearance on proposed Khatkurbahal (North) Block Limestone mine. Addl. District Magistrate (ADM), Sundargarh presided over the consultation (hearing) meeting. In the beginning, the Regional Officer, Rourkela of State Pollution Control Board, Odisha and ADM explained the villagers on the aspects of consultation (hearing) for environmental clearance under E. I. A. Notification, 2006 and invited M/s Shiva Cement Ltd, to address public on details of the limestone mine project and its environmental aspects for their views onward. Sri Bhabya Ranjan Nayak, Asst. Manager of M/s Shiva Cement Ltd. addressed public on the expansion project and its environmental aspects. ADM then invited the public to address their views on environmental aspects of the project. 26 nos. of villagers opined their views as mentioned below. Attendance sheets of villagers present & signed and who addressed views are annexed in Annexure – 1 & 2 respectively.

Sl. No.	Name & Address	Views expressed
1.	Sri Dalu Tirkey, Vill. – Faisakani, G.P: Khalkubahal	<ul style="list-style-type: none">• The project proponent has not clarified where the new mine will be located. They have also not mentioned about the benefits to be given to the land losers and displaced families. Also he apprehended that tribals may lose their identity due to displacement.• Due to mining, displaced tribals will be scattered and they will lose their land, identity, religion, language and caste etc.• Environmental degradation due to mining.• Tribals mainly depend on their land; if they will lose the same, they will not be able to live. This will be the major crisis for them.

2.	Mr. Abdul Kadir, Vill. - Khatkurbahal	<ul style="list-style-type: none"> • He welcomes the public hearing being conducted for opening of new mines as this would develop the locality and also create job opportunity. • There will be not much impact on atmosphere due to mining and mine will also undertake plantation. • The local public support the mines with open heart and the company should also reciprocate the same by deploying local resources during mining operation. • Company should develop health care facility, support education and develop communication etc.
3.	Md. Nasirudin, Vill. - Khatkurbahal	JSW should undertake development in the locality by establishing hospital to support health care facility, constructing road and provide drinking water facility etc.
4.	Md. Isfiahque, Vill. - Khatkurbahal	<ul style="list-style-type: none"> • They are supporting JSW for opening of new mines as this would develop the locality. • JSW should deploy the vehicles of locals in mining work; this would create business opportunity. The company should also deploy two school buses for local children, repair and widen the damaged road from mines to outside hillock etc. • JSW should engage the local educated youth (both boys & girls) in priority and outsiders will not be allowed during employment. • Level of pollution will increase due to mining and plantation should be undertaken to mitigate it. <p>JSW has not undertaken any development in the locality, failed to provide employment to the local public and company is badly treating local public. She opposed the company.</p>
5.	Smt. Puspa Tirky, Vill. - Patratoli	JSW has not undertaken any development in the locality, failed to provide employment to the local public and company is badly treating local public. She opposed the company.
6.	Mr. Irfan Alli Vill. - Khatkurbahal	Village will be developed due to opening of new mine by JSW. Company should undertake overall development and support education in the locality.

7.	Smt. Mercilina Kerketta, Vill. - Khatkhurbahal	She opposed the new mines proposed to be opened in the locality and mentioned that they will not sacrifice their land for this. Company has neither undertaken any development in the locality nor will they undertake it in future. At present educated youth are engaged to take care of grazing cattle and farmers are also suffering but company is not helping any one.
8.	Sri Jhalle Dhanuar, Vill. - Khalsakani	They oppose the JSW and they will not sacrifice their land. They will sacrifice their land if they will get 4 times land in compensation. He opposed the company.
9.	Sri Pradeep Kerketta, Vill. – Mangarpanda	<ul style="list-style-type: none"> • He opposed the opening of new mines. Due to mining they will lose land and in compensation they will not get land. The administration and company has no solid plan for land losers and displaced families. • At present they are happy with agriculture and living peacefully. In future due to mining they will face various problems such as degradation of environment, dust pollution due to operation of crusher, diseases due to radiation of blasting, houses will be damaged due to blasting, loss of crop productivity, depletion of ground water due to deep mining etc.
10.	Md. Rafique, Vill. – Khatkhurbahal	<ul style="list-style-type: none"> • The company has not demarcated the lease area and local public are unaware of this, who will acquire land JSW or Shiva, what will be the compensation rate of lands, where the displaced families will go, how many land looser are employed in their present mine, company has failed to undertake welfare activity in the locality etc. • Therefore he requested to demarcate the lease area and fix the compensation rate etc. At the end he stated that they will not allow opening of the mines till their demands are fulfilled

11.	Md. Masud, Vill. - Khatkhurbahal	Since the inception JSW is undertaking development work and they believe that the company will continue the same in future also. They support JSW.
12.	Smt. Firiska Trikey, Vill. - Khatkhurbahal	They will not handover land to JSW at any cost and they strongly oppose the JSW.
13.	Md. Mokarram Raja, Vill. - Khatkhurbahal	<ul style="list-style-type: none"> • JSW has taken initiatives for development in the locality such as they have constructed best Aganwadi centre and also construction of school is on progress. • He demanded for construction of road, bus facility, streetlight facility from village to school, promote education in the locality, employment to local youths and overall development of villages. He supports the JSW.
14.	Mrs. Narmi Kujur, Vill. - Farsakani	<ul style="list-style-type: none"> • They will not give their land for opening of the limestone mines. They depend upon agriculture and meeting their livelihood from it. They will face difficulty for grazing cattle if all their land will be acquired by the company. • She further stated that Muslims are not depending upon agriculture, therefore they are supporting. • They oppose the company.
15.	Smt. Ashtami Patra, Vill. - Khatkhurbahal	Company should approach directly to the land owners and fix the rate after mutual discussion with them. At present company has engaged middle man for land acquisition and they are misleading the poor villagers.
16.	Sri Ajay Kispatta, Vill. - Khalsatoli	Land is everything for them and they will not give land. Some people are supporting as because they got money but they are not thinking about future. Local public who oppose are not allowed to vent their grievance. They will not give land to company and they will make the company out from the locality.

17.	Sri Ranjit Minz, Vill. – Falsakani	<ul style="list-style-type: none">• Those going to lose their land are opposing and those do not have land in mining lease area are supporting. Land losers are not being allowed to enter to the public hearing rather others are allowed.• Till date it is not clear, where the displaced families will go and what will be the compensation amount. If they got some money in lieu of the land it will be exhausted within five years and after that what they will do ?• This is a tribal dominated area but tribal's voice is suppressed by others. Tribals are united and they will not handover land to the company (JSW/Shiva) for mining.
18.	Sri Roshan Barla, Vill. – Falsakani	<ul style="list-style-type: none">• He has 5-7 acres of land in the proposed mining lease area and also residing in that area. Tribals are mostly dependent on land.• They will not handover land to company at any cost. They oppose the company.
19.	Mr. Rouksar Ahmed, Vill. - Khatkurbahal	Public hearing is peacefully conducted and all are expressing their views. JSW is involved in development work such as construction of school, road and streetlight facility. They are expecting more development, education and health care facility from company. They support the company.
20.	Sri Chintamani Sahoo, Vill. - Khatkurbahal	As per Covid-19 guideline, only 20-30 gatherings are allowed in any social events. However today about 500 people have gathered and social distancing is not maintained. He urged before administration to cancel the public hearing till total control of covid-19.
21.	Sri Brajmohan Lakra, Vill. – Sunbarechha	<ul style="list-style-type: none">• Public hearing is not allowed without prior Gramsabha as per 5th Schedule as they are tribal. Kulenbahal Gram Sabha has not allowed for conducting the public hearing; therefore the public hearing should be cancelled with immediate effect.

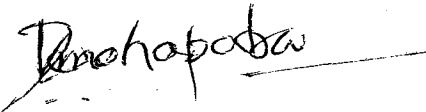

Digitized by eGangotri
www.egangotri.org

		<ul style="list-style-type: none"> It is not clear who is taking land JSW or Shiva. Earlier tribals have handed over their land for construction of Mandira Dam to Rourkela Steel Plant, but till date they have not got proper compensation; rather outsiders are facilitated.
22.	Md. Anwar Ahmad, Vill. – Khatkurbahal	<ul style="list-style-type: none"> JSW is a big corporate and local public are expecting more from them in terms of development and they are supporting for this. Both Muslim and tribals are residing in the locality and education is lacking in both the communities. Therefore company should support education especially for girl child. JSW should construct school, college, hostel for children, provide school bus facility, construct road, arrange drinking water facility, streetlight facility, maintain sanitation and provide employment to the local educated youths.
23.	Sri Ranju Tirkey, Vill. - Falsakani	He is a farmer and due to mining they are facing lot of difficulties such as depletion of ground water level, bore wells are unusable as water level goes down, water scarcity for irrigation due to deep mining etc. They will not handover their land and they don't require any support from the company.
24.	Smt. Rukhmani Amat, Vill. - Dahijira	She extends her support to the company.
25.	Md. Zabul, Vill. - Khatkurbahal	He extends support to the JSW as company has undertaken much development in the locality such as construction of Aganwadi Center, streetlight facility, construction of pond, drinking water facility and construction of school etc.

 Addl District Magistrate
 Sundergarh

25.	Md. Zabul, Vill. - Khatkurbahal	He extends support to the JSW as company has undertaken much development in the locality such as construction of Aganwadi Center, streetlight facility, construction of pond, drinking water facility and construction of school etc.
26	Smt. Puspa Toppo, Vill. - Patratoli	She was earlier working in the existing mine of the company since 2007 and after attaining 60 years of age on 2018, she approached the PF officials for her PF money. However she came to know that the contractor has cheated her and looted her PF money. She strongly opposed the company.

ADM then told on the issues raised by the public and asked M/s Shiva Cement Ltd. to explain people on the issues. Sri Amardeep Mohanty, Dy. Gen. Manager of M/s Shiva cement Ltd. clarified the people on the raised issues which are listed in the Executive Summaries at Annexures – A & B respectively in English and Odia. Regional Officer, Rourkela of State Pollution Control Board, Odisha then extended vote of thanks and ADM closed the meeting. Video recording of the consultation (hearing) in pen drive is annexed.

STATE POLLUTION CONTROL BOARD, ODISHA

(Department of Forest & Environment, Govt. of Odisha)
Paribesh Bhawan, A/118, Nilakanthanagar, Unit-VIII, Bhubaneswar-751012

No. 9332/ T-01 14.7.21 IND-II-PH-864

Date : 09.07.2021

Page - 9

NOTICE

It is brought to the notice of all concerned that the State Pollution Control Board, Odisha issued an advertisement in the newspapers "The Times of India" and "Dharitri" on 20.03.2021 to conduct the public hearing in respect of M/s Shiva Cement Limited on 23.04.2021 at 10.00 A.M. at behind Jagannath Temple, Khatkurbahal village under Kutra Block of Sundargarh district for Khatkurbahal (North) Block Limestone Mine with Limestone production capacity of 1.6 MTPA (ROM), Mineral Reject 0.035 MTPA, Top Soil 0.033 MTPA & Waste 3.875 MTPA (Total Excavation - 5.543 MTPA) and installation of crusher and screen of 800 TPH over ML area of 156.43 ha. at villages Khatkurbahal & Phalsakani, tehsil Kutra of Sundargarh district. But due to restriction imposed by the State Government on public gathering for up-surge of COVID infection in the State the public hearing scheduled above has been postponed. The same public hearing is now rescheduled to be held on 24.08.2021 at 09.00 A.M. at behind Jagannath Temple, Khatkurbahal village under Kutra Block of Sundargarh district.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification No. S.O. 1533 (E) Dtd. 14.09.2006, the Board has been authorized to conduct environmental public hearing and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site/sites of displacement/sites likely to be affected.

For the above purpose, a person will only mean:

- Any person who is likely to be affected by the grant of Environmental Clearance.
- Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- Any association of persons whether incorporated or likely to be affected by the project and / or functioning in the field of environment.
- Any local authority within any part of whose local limits is within the neighborhood, wherein the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post. Besides this, persons interested to submit their views relevant to the proposed project in writing or orally may also do so during the public hearing to be conducted on 24.08.2021 at 09.00 A.M. at behind Jagannath Temple, Khatkurbahal village under Kutra Block of Sundargarh district. Public hearing shall be conducted strictly observing guidelines contained in COVID - 19 pandemic restrictions issued by the MoEF&CC, Govt. of India vide OM No.22-25-IA.III, dated 09.06.2021 as well as Govt. of Odisha.

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA)/Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odia is also available in the following offices & the same can also be downloaded from the website www.ospcboard.org free of cost.
