

PROCEEDING OF THE PUBLIC HEARING INRESPECT OF THE ENVIRONMENTAL IMPACT ASSESSMENT FOR M/S UTKAL HYDROCARBON PVT. LTD. FOR INSTALLATION OF GREENFIELD PROJECT OF COAL TAR DISTILLATION OF CAPACITY 1,80,000TPA (PHASE-I 60,000 TPA CAPACITY COAL TAR DISTILLATION PROJECT (TO MANUFACTURE 31,200 TPA COALTAR PITCH, 15,000 TPA WFO & 12,000 TPA ANTHRACENE OIL) PHASE-II 1,20,000 TPA CAPACITY COAL TAR DISTILLATION PROJECT (TO MANUFACTURE 62,400 TPA COALTAR PITCH, 30,000 TPA WFO &24,000 TPA ANTHRACENE OIL) AT VILLAGESIRIAPALI, UNDER KOLABIRA TAHASIL OF JHARSUGUDA DISTRICT HELD ON 20.07.2022AT 11.00 AM.

The public hearing of the proposed M/s Utkal Hydrocarbon Pvt. Ltd. Of Sri Rajesh Kumar Agarwal for grant of Environmental Clearance for installation of Green field Project of Coal Tar Distillation of capacity 1,80,000 TPA (Phase-I60,00 TPA capacity Coal Tar distillation Project (to manufacture 31,200TPACoaltar pitch, 15,000TPAWFO& 12,000TPA Anthracene oil) phase-ii 1,20,000TPA capacity coal tar distillation project (to manufacture 62,400TPA coaltar pitch, 30,000TPAWFO &24,000TPA Anthracene oil) at village Siriapali, under Kolabira Tahasil of Jharsuguda. During the course of Public Hearing the instructions of Govt. of India communicated vide Office Memorandum F.No. 22-25/2020-IA.III, dtd.14.09.2020 of Ministry of Environment, Forest & Climate Change (MoEF&CC) of Govt. of India has been duly followed.

Shri Prabeer Kumar Nayak, Additional District Magistrate, Jharsuguda supervised and presided over the Public Hearing Process, assisted by Sri Hiranya Kumar Nayak, Regional Officer, State Pollution Control Board, Jharsuguda& representative of State Pollution Control Board, Odisha. The State Pollution Control Board, Odisha, Bhubaneswar had advertised in newspaperin Odia daily- Samaj on14.06.2022 and in English daily-The New Indian Express on 14.06.2022.The Public Hearing in respect of the above project stated as per the schedule and the venue decided by the District Magistrate in accordance with the EIA Notification S.O.1533(E), dated 14.09.2006. The attendance sheet of the panel members present in the public hearing is annexed as **Annexure – I**. Around 97 persons had attended the public hearing meeting and the attendance sheet of the public participants attended the public hearing is annexed as **Annexure-II**.

At the outset, Sri Hiranya Kumar Nayak, Regional Officer, SPCB welcomed the panel member and the public presented in the meeting. He briefly described the objectives and procedure followed for conducting the Public Hearing as per the EIA Notification S.O.1533 (E), dated 14.09.2006 of Ministry of Environment, Forest & Climate Change (MoEF&CC), Govt. of India. He requested Additional District Magistrate, Jharsuguda to preside over the meeting.

Welcoming the panel members and the assembled public in the meeting, Shri Prabeer Kumar Nayak, ADM, Jharsuguda, explained the objective of the proposed M/s Utkal Hydrocarbon Pvt. Ltd. and invited the public to present their views about the proposed project. He also requested the public to maintain peace & discipline for completion of the meeting. He asked the Project Proponent to make a brief presentation before the public gathered in the meeting about the proposed project.

Sri Jiban Krishna Pattanaik of M/s Utkal Hydrocarbon Pvt. Ltd. welcomed the public and all other participants and presented briefly about the proposed project in Odia language which are as follows:

- This proposed project for Coal Tar Distillation of capacity 1,80,000; Phase-I 60,000 TPA Coal Tar distillation project (to manufacture 31,200 TPA Coal Tar Pitch; 15,000 TPA WFO & 12,000 TPA Anthracene Oil) and Phase-II 1,20,000 TPA Coal Tar distillation project (to manufacture 62,400 TPA Coal Tar Pitch; 30,000 TPA WFO; 24,000 TPA Anthracene Oil) at Village- Siriapali, PS & Tehsil- Kolabira, District- Jharsuguda, Odisha.

Land- Total Project Area = 17.6 Acres (7.12 Ha)

Water Requirement- Daily Water Requirement: 85 KLD, Source- Ground water sources & Rain water harvesting

Power Requirement- 1200 KVA (Phase-I: 450 KVA & Phase-II: 750 KVA), Source- WESCO. Back-up DG Set – Phase-I: 200 KVA & Phase-II: 300 KVA.

Process Description

- Coal Tar Pitch – The crude coal tar is fed into distillation vessel for batch-wise distillation process. During the distillation, volatile oil is collected into receiver through goose neck and condenser. The condensed oil is collected in the receiver, which is categorized into two parts as per boiling point, WFO (Wide Fraction Oil) and Anthracene-I or heavy PAH (Polvaromatic Hydrocarbon). The residue remains in the vessel is the Pitch which will be dispatched after testing as per customer's satisfaction. The fuel used in Phase-I & Phase-II is Furnace Oil of capacity 12 KLD & 24 KLD respectively.

Mitigation measures for Air Quality

- Installation of proper pollution control equipment like cyclone & wet scrubbers for arresting emissions. All the vehicles carrying materials will be covered with tarpaulin / plastic sheet. Only vehicles with valid PUC certificate will be allowed.
- To control the emission of particulate matters 2 stacks are attached to the wet scrubbers of the distillation as well as re-boiler units.

Mitigation measures for Noise Level

- Proper noise abatement measures will be taken and persons working just close to machine and machine operators will be provided with personal protective equipment viz. Ear plugs / Ear muffs etc. for further protection. Job rotation will be practiced to workers working in high noise generating sections. Regular monitoring of noise level will be carried out and corrective measures in concerned machinery will be adopted accordingly.

Mitigation measures for Water Environment

- The net water requirement for the proposed project is 85 KLD which will be sourced from ground water sources and treated water from ETP.
- Domestic waste water will be treated in STP of 15 KLD capacity. Effluent generated will be treated in ETP of capacity 20 KLD. No negative impact is envisaged on any surface water bodies in nearby areas.

Mitigation Measures for Land Environment

- Apart from change in land use, no adverse impact is envisaged. Minor construction work will not affect the topography. Pollution control measures for air and water would ensure low risk of land contamination.
- Materials will be stored on concrete floor or floor with liners. From the Material storage area garland drains will collect the surface run-off.
- There are no endangered or endemic wildlife species in the area. Different family of trees, climbers and herbs/shrubs are found in the study area. Fauna includes Mammals, Reptiles, Fish & birds. Birds in the study area are all under Schedule-IV.
- Water Quality- Zero discharge principle & hence there will not be any adverse impact on the water quality
- Solid Waste- Solid waste so produce will be disposed of by proper mean & its impact to the environment will be negligible.
- Hazardous Waste- Used oil so generated will be properly disposed of & therefore no adverse impact on the environment.
- Ecology- Aquatic Ecology will not be affected as the Proposed plant will work on the zero effluent discharge outside the premises.
- Demography and Socio-economic- Development of the area in respect of the infrastructure development, educational growth, health facilities etc.

Emergency Preparedness Plan

- On- line Emergency plan and off-site emergency plan has been prepared for tackling

Handwritten signature

Handwritten mark

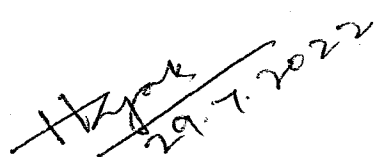

natural and in-plant emergencies.

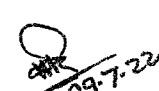

Occupational Health Measures

- Pre-employment medical check-ups will be done to know the health status of the person going to be employed.
- A village committee will be formulated for successful implementation of Environment Management Plan and peripheral developments. The committee will ensure the implementation of Environment Management Plan and peripheral developments by thorough reviews.

Then Sri Prabeer Kumar Nayak, Additional District Magistrate, Jharsuguda, invited the public to present their views about the proposed sand mining in peaceful manner. Then the public deliberated on various issues one by one. During the public hearing, all have been given an opportunity to express their views freely on the proposed project. About 29 nos. of persons had delivered their views and the attendance sheet of the public participants who delivered their views is annexed as **Annexure – III**. The statement of public participated in the deliberation is annexed as **Annexure IV**. After the deliberations were made by the public. Regional Officer, State Pollution Control Board, Jharsuguda invited the project proponent to offer the views on the issues raised by the public. The summary of the views and opinions of the public and the commitments made by the project proponent are annexed in English and Odia language as **Annexure V**.

About 42 numbers of written representations were received which are annexed as **Annexure VI**. The video recording of the entire proceedings of the public hearing are enclosed herewith and will be forwarded to the State Environment Impact Assessment Authority (SEIAA), Odisha, Bhubaneswaras such along with the written statements of the public & proceedings of the meeting. Finally the meeting ended with vote of thanks to the chair, public and other participants.

THE STATEMENT OF THE PUBLIC PARTICIPATED IN THE DELIBERATION DURING THE PUBLIC HEARING IN RESPECT OF THE ENVIRONMENTAL IMPACT ASSESSMENT FOR M/S UTKAL HYDROCARBON PVT. LTD. FOR INSTALLATION OF GREENFIELD PROJECT OF COAL TAR DISTILLATION OF CAPACITY 1,80,000TPA (PHASE-I 60,000 TPA CAPACITY COAL TAR DISTILLATION PROJECT (TO MANUFACTURE 31,200 TPA COALTAR PITCH, 15,000 TPA WFO & 12,000 TPA ANTHRACENE OIL) PHASE-II 1,20,000 TPA CAPACITY COAL TAR DISTILLATION PROJECT (TO MANUFACTURE 62,400 TPA COALTAR PITCH, 30,000 TPA WFO &24,000 TPA ANTHRACENE OIL) AT VILLAGE SIRIAPALI, UNDER KOLABIRA TAHASIL OF JHARSUGUDA DISTRICT HELD ON 20.07.2022AT 11.00 AM.

The views expressed by various speakers present in the meeting are as follows:

1. Sri Binod Kumar Podh, Village Siriapali:

Sri Podh, asked the Project Proponent to clarify whether this is an industry or something else. Sri Jiban Krishna Pattanaik representative of M/s Utkal Hydrocarbon Pvt. Ltd. clarified about the project.

2. Smt. Puspajali Seth, Village Siriapali:

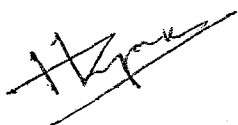

Smt.Seth,said that every time the industry gives false promise to the villagers. Further she urged that their village should not get affected. She demanded employment for the local youth with prior agreement. So, she supported the project with a demand for the engagement of local youth.

3. Smt. Deepika Singh, Village Siriapali:

Smt. Singh, apprehended that if it is a chemical factory then our village environment will be affected. She further demanded protection of their village environment along with employment for the local youth. She supported the project.

4. Sri Golachand Tanti, Village Siriapali:

Sri Tanti, enquired about the health hazards, environmental pollution and about the impact on road condition of the village due to the proposed project. He said, we welcome the project but not at the cost of our lives. We are the native of Siriapali village but the nearby villages around Siriapali will also be affected. So, the authority of the project should give priority to peripheral development, road communication, Environmentand pollution aspect. He said that the people who will work in the

industry as well as the people staying at home will be affected. He further demanded employment for the local youth.

5. Sri Uttam Sunani, Village Siriapali:

Sri Sunani, said that, every industrial establishment has its own pros and cons. If there will be over all development of the area, road, society, employment for the local youth but not out siders after the establishment then we all welcome the project.

6. Sri Binod Kumar Patel, Village Siriapali:

Sri Patel, stated that, industrial establishment has both bright and dark sides. He demanded development of the locality, direct and indirect employment citing the example of M/s Vedanta Ltd. He further said that industry is necessary but the environment shall be given priority. We welcome the project but education, playground and other developmental works shall be taken up with the consultation of village committee. Plantation, development of village, prevention of water pollution shall be given priority.

7. Sri Nirmal Chandra Tanti, Village Siriapali:

Sri Tanti, welcomed the establishment of project for the development of the village.

8. Sri Shyamsundar Singh, Village Siriapali:

Sri Singh, also welcomed the project demanding the development of the village and environment.

9. Sri Rohit Kumar Tanti, Village Siriapali:

Sri Tanti, said that, we know that many people were employed in M/s Madhab Ispat, of Siriapali village and how they have been benefitted. So, we welcome the project demanding employment for the local youth, development of the village and environment.

10. Sri Bharat Tanti, Village Siriapali:

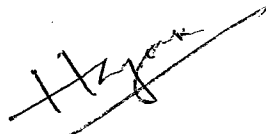

Sri Tanti, Welcomed the project demanding the development of the village, employment for the local youth.

11. Sri Babloo Kusum, Village Siriapali:

Sri Kusum, said that everyone should welcome the project because there will be no unemployment & there will be development of the village.

12. Sri Chandra Sekhar Singh, Village Siriapali:

Sri Singh, Welcomed the project as the unemployed youth will be benefitted.

13. Sri Jayshankar Buda, Village Siriapali:

Sri Buda, Said that many people were employed in M/s Madhab Ispat, of Siriapali village but they were not getting good salary. So, he requested the project authority to give proper salary. Further he said, he is a auto driver and carrying patients from Kelendamal G.P. to Hospital suffering from respiratory diseases and TB etc. Further he enquired about the health hazards, environmental pollution due to the proposed chemical plant.

14. Smt. Jharana Seth, Village Siriapali:

Smt. Seth, Welcomed the project demanding the employment of women.

15. Smt. Malati Tanti, Village Siriapali:

Smt. Tanti, Said, we welcome the project.

16. Smt. Soudamini Tanti, Village Siriapali:

Smt. Tanti, also Said, we welcome the project.

17. Sri Santosh Luhar, Village Siriapali:

Sri Luhar, urged that employment should be given to the new generation,

18. Sri Suresh Patel, Village Siriapali:

Sri Patel, asked whether proper survey had been done or not prior to this public Hearing. M/s Vedanta Ltd. is disposing ash in our village. Everywhere there is problem of ash and we are welcoming the project. So, we will fight to oppose the project.

19. Sri Maheswar Negi, Village Sirapali:

Sri Negi said that due to coming of factory till now no development has been done, ash has been disposed in my place and there are factories all around, so how I will live and what I will eat.

20. Sri Pradeep Rana, Siriapali:

Sri Rana said that, public hearing was not conducted for M/s Vedanta Ltd and if M/s Vedanta Ltd is established here, then why cancer hospital is coming in Puri. If we will keep on filling our pockets and not become aware, then our future generation will suffer. Government is telling that poor people are developing, but there is no development among the poor people and are getting sick. Every villagers should protect the environment. 90% of the agricultural land has been taken by M/s Vedanta Ltd and whatever is left will be given to the proposed factory, whether they will give Rs 50,000 per month to the villagers and the villagers will not become sick. Everyone knows there

is so much pollution in the locality and opposed the project. He also said that, Ayurvedic factory should come and free ayurvedic medicine shall be distributed to the villagers and no chemical factory should come because government will not take care of the sick villagers.

21. Smt. Jambabati Negi, Siriapali:

Smt. Negi said that, we mothers do not know anything and everyone should take care of the future generation and opposed the project.

22. Sri Santosh Khalsar, Siriapali:

Sri Khalsar said that, first the pollution department should verify the condition of my house caused due to pollution and then give permission to the factory for its establishment.

23. Sri Ajit Kumar Patel, Siriapali:

Sri Patel said that, I am the resident of Parmanpur GP, Siriapali village, the population of Siriapali village is 30,000-40,000 and 10-20% is place for living. 10 years back IDCO had taken 50% of the land in Sirapalai village and the north side 20-30 acres of land has been taken by M/s Vedanta Ltd for poisonous ash disposal. Rest gochar land will be taken by M/s Utkal Hydrocarbon Ltd company for which public hearing is being conducted. In future, awareness and priority to unemployment should be take care off, for which they will be happy. Above 40 years of people are not willing to do any physical work and the people within 18-40 years are working in the factory to meet their needs. The people are concerned about the chemical factory but not about the grazing of cattle and gochar land. Employment should be given to the future generation also.

24. Sri Purushottam Patel, Siriapali:

Sri Patel informed that, the village is filled with ash from three sides and one side will be taken by the proposed project, we have no issue with the establishment of plant but all the unemployed people of the village should get job, at least 250 people should be employed with prior agreement.

25. Sri Dhulema Bhoi, Village Siriapali:-

Smt Bhoi opposed the project and said that around 11 families are staying near the bank of village nallah. She questioned that, the waste water generated from the plant where will be discharged. The village roads have got damaged due to which her child is not able to go to school in rainy season. Their house are getting polluted due to the ash disposed

by M/s Vedanta Ltd. The village nallah which we are using for bathing etc will get affected by the proposed factory and strongly opposed the project.

26. Sri Phalguni Patel, Siriapali Village:

Sri Patel said that, he is the Ex-sarpanch of Pramanpur GP from the year 1997 to 2002 and said the youth in our village are not highly educated and have not got any employment. The district administration should have intimated about the project prior to 30 days but we have been intimated prior to 4-5 days, then how we will know about the proposed project. The project proponent told that 75 persons will be employed in the project but when M/s Madhab Ispat had come more than 300 persons got employment and prior to agreement with the villagers. Ash has been dumped near the village at gate no 2 of M/s Madhab Ispat and due to which there is increase in road accident and air pollution. In the south side there is an ash pond and in the north side there is a distillation unit for which they are getting affected. He questioned, out of 75 persons, how many technical person, non-technical and womens will be employed and whether members of the each family will get employed or whether each family will get compensation of Rs. 20,000/- per month. If the proponent will fulfil these conditions then only we will welcome the project.

27. Smt. Parbati Rohidass, Village Siriapali:

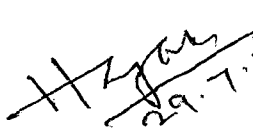

Smt. Rohidass stated that, she does not have any land and is daily wage labour and they have encroached the gochar land for which they have not received any patta.

28. Smt. Indira Patel, Village Siriapali:

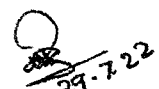

Smt Patel said that, ash has been dumped all around the village and now this chemical factory will create more environmental pollution and health of the people will be affected so she opposed the project.

29. Sri Niranjan Kumar Mohanty, Siriapali:

Sri Mohanty said that, we do not need chemical factory but if factory comes employment should be given.

STATEMENT OF ISSUES RAISED IN THE PUBLIC HEARING IN RESPECT OF THE ENVIRONMENTAL IMPACT ASSESSMENT FOR M/S UTKAL HYDROCARBON PVT. LTD. FOR INSTALLATION OF GREENFIELD PROJECT OF COAL TAR DISTILLATION OF CAPACITY 1,80,000 TPA (PHASE-I 60,000 TPA CAPACITY COAL TAR DISTILLATION PROJECT (TO MANUFACTURE 31,200 TPA COALTAR PITCH, 15,000 TPA WFO & 12,000 TPA ANTHRACENE OIL) PHASE-II 1,20,000 TPA CAPACITY COAL TAR DISTILLATION PROJECT (TO MANUFACTURE 62,400 TPA COALTAR PITCH, 30,000 TPA WFO & 24,000 TPA ANTHRACENE OIL) AT VILLAGE SIRIAPALI, UNDER KOLABIRA TAHASIL OF JHARSUGUDA DISTRICT HELD ON 20.07.2022 AT 11.00 AM.

The issues raised by the public in the public hearing are as follows:

1. Air Pollution
2. Water Pollution
3. Waste Management
4. Plantation
5. Development of Roads
6. Local employment
7. Women employment
8. Health issues / Medical Facilities
9. Peripheral Development, Education & Playground

In response to the issues raised by the public, the commitments made by the project proponent are as follows:

1. Air Pollution Control:

For emission from burning fuel following arrangements will be made

- Stack Height will be maintained at 30Meter as per the PCB guideline
- Cyclone Separator will be installed for control of particulate matters in stack emission
- Water Scrubber will be installed to control the gaseous emission

To control fugitive emission due to movement of Heavy Vehicle the following arrangement will be made

- All inside roads will be made Concrete to avoid dust
- There will be periodic water sprinkling on roads & the surrounding

2. Water Pollution Control:

- For the system generated effluents there will be a 20 KLD ETP with all necessary modern technology for converting the effluent to usable water. The treated water will be utilised in the process
- For wash water & sewage water an STP of 15 KLD will be installed and the STP treated water will be used for gardening & sprinkling of water on roads.

- There will be provision for Rain Water Harvesting.

So, the plant will operate on ZLD concept and no liquid discharges will go out of Factory premises except that of excess Storm Water.

3. Waste Disposal:

- Any amount of waste generated in the process will be recycled, so this plant will have Zero Wastage Plant.

4. Plantation:

- 33% of total Land will be covered under Plantation

- Moreover, for beautification of Plant there will be landscaping & gardens which will further give a green coverage

5. Development of Roads:

-The approach Road from Main road to Factory Gate will be made 30 Ft. wide Black top Road

- All inside road will be made Concrete to avoid dust & fugitive emissions

6. Local Employment:

- There will be total number of 75 employees out of which 47 will be un-skilled, 18 numbers of skilled & 10 Numbers of High skilled or Management staff. The unskilled & semiskilled employees will be taken from the local villages on the merit of their qualification & skill level.

- There will be provision of in-plant training to improve the skill & knowledge level of employees to uplift their position

7. Woman empowerment:

- 10% of total employees will be women

8. Health & Medical facility:

- There will be pre-medical check-up & periodic medical check-up of all employees.

- The Employees will be covered under ESI Scheme to get regular medical facilities.

9. Peripheral developments:

- The industry will support in the social needs of the surrounding villages which includes education, games & sports, drinking water etc.

- It is requested that the villagers will form a committee and come forward with the requirements of the village for discussion with the company.

(୬) ସ୍ଥାନିୟ ନିଯୁକ୍ତି

କାରଖାନାରେ ସର୍ବମୋଟ ୭୫ ଜଣ କର୍ମଚାରୀ କାର୍ଯ୍ୟରତ ରହିବେ । ଯେଉଁଥିରୁ କି ୪୭ ଜଣ ଅଣକୃଷଳୀ, ୧୮ ଜଣ କୃଷଳୀ ତଥା ୧୦ ଜଣ ଅତି କୃଷଳୀ ବା Management Staff ରହିବେ । ଏଥିରୁ ଅଣକୃଷଳୀ ବା ନିମ୍ନକୃଷଳୀ ବର୍ଗର ଶ୍ରମୀକ ମାନଙ୍କୁ ନିଯୁକ୍ତି କ୍ଷେତ୍ରରେ ଶିକ୍ଷାଗତ ଯୋଗ୍ୟତା ତଥା କର୍ମକୃଶଳତା ଦେଖି ନିକଟସ୍ଥା ଗ୍ରାମ ମାନଙ୍କରୁ ଚୟନ କରାଯିବ ।

ନିଯୁକ୍ତ କର୍ମଚାରୀ ମାନଙ୍କୁ କାରଖାନା ଭିତରେ ବିଭିନ୍ନ ଯନ୍ତ୍ରାଂଶ ସମ୍ବନ୍ଧରେ ଜ୍ଞାନ କୌଶଳ ଶିକ୍ଷା ପ୍ରଦାନ କରାଯାଇ ସେମାନଙ୍କର ବିକାଶ ପାଇଁ ବ୍ୟବସ୍ଥା କରାଯିବ ।

(୭) ନାରୀ ସମ୍ବଳିକରଣ-

କାରଖାନାର ସମସ୍ତ କର୍ମଚାରୀଙ୍କ ମଧ୍ୟରୁ ୧୦% ପ୍ରତିଶତ ନିଯୁକ୍ତ ମହିଳାମାନଙ୍କୁ ପ୍ରଦାନ କରାଯିବ ।

(୮) ସ୍ଵାସ୍ଥ୍ୟ ତଥା ଚିକିତ୍ସା ସୁବିଧା

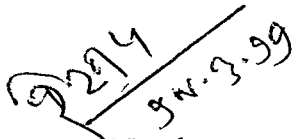

ସମସ୍ତ କର୍ମଚାରୀମାନଙ୍କର ପ୍ରାଥମିକ ସ୍ଵାସ୍ଥ୍ୟ ପରୀକ୍ଷଣ ସହିତ ସାମାଜିକ ସ୍ଵାସ୍ଥ୍ୟ ପରୀକ୍ଷଣ ମଧ୍ୟ କରାଯିବ ।

❖ ସମସ୍ତ କର୍ମଚାରୀମାନଙ୍କୁ ର ESI Scheme ଅନ୍ତର୍ଭୁକ୍ତ କରାଯିବ । ଯାହାଦ୍ଵାରା ସେମାନେ ଯଥାରିତ ସ୍ଵାସ୍ଥ୍ୟ ସେବା ପାଇ ପାରିବେ ।

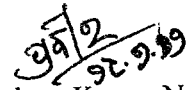

(୯) ସାମାଜିକ ତଥା ପାରିପାର୍ଶ୍ଵିକ ଉନ୍ନତି କରଣ ।

ନିକଟସ୍ଥ ଗ୍ରାମ ଗୁଡ଼ିକରେ ସାମାଜିକ କାର୍ଯ୍ୟକ୍ରମ କରିବା ପାଇଁ କାରଖାନା ଅଜିକାର ବଦ୍ଧ ଯାହା ମଧ୍ୟରେ ଶିକ୍ଷା, ଗ୍ରାମ୍ୟ, କ୍ରୀଡ଼ା, ପାନୀୟ ଜଳ ବ୍ୟବସ୍ଥା ତଥା ସାଂସ୍କୃତିକ କାର୍ଯ୍ୟକ୍ରମ ଅନ୍ତର୍ଭୁକ୍ତ ।

❖ କାରଖାନା ତରଫରୁ ଏହା ମଧ୍ୟ ଅନୁରୋଧ କରାଯାଇ ଅଛି ଯେ ଗ୍ରାମବାସୀ ମାନେ ଏକ ସମିତି ଗଠନ କରି ଗ୍ରାମର ବିକାଶ ପାଇଁ ଦରକାର ପଡୁଥିବା ସୁବିଧା ଗୁଡ଼ିକ ସମ୍ବନ୍ଧରେ କାରଖାନା କର୍ତ୍ତୃପକ୍ଷ ସହିତ ଆଲୋଚନା କରି ଯଥା ସମ୍ଭବ ସମାଧାନ କରିବେ ।

No. 10116 / IND-II-PH-974

Date 10.6.2022

NOTICE

CAD-804: It is brought to the notice of all concerned that M/s Utkal Hydrocarbon Pvt. Ltd. has proposed to have Environmental Assessment for installation of Greenfield Project of Coal Tar Distillation of capacity 1,80,000TPA (Phase-I 60,000TPA capacity Coal Tar Distillation Project (to manufacture 31,200TPA Coal Tar Pitch, 15,000 TPA WFO & 12,000 TPA Anthracene Oil) Phase - II 1,20,000 TPA capacity Coal Tar Distillation Project (to manufacture 62,400TPA Coal Tar Pitch, 30,000 TPA WFO & 24,000 TPA Anthracene Oil)) at village Siriapali under Kolabira Tehsil of Jharsuguda District to obtain Environmental Clearance from State Environment Impact Assessment Authority (SEIAA), Odisha. The proponent has applied to the State Pollution Control Board, Odisha, Bhubaneswar for a Public Hearing.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification No. S.O. 1533 (E) Dtd. 14.09.2006, the Board has been authorized to conduct environmental public hearing and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site / sites of displacement / sites likely to be affected.

For the above purpose, a person will only mean:

- Any person who is likely to be affected by the grant of Environmental Clearance.
- Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- Any association of persons whether incorporated or likely to be affected by the project and / or functioning in the field of environment.
- Any local authority within any part of whose local limits is within the neighborhood, wherein the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post. Besides this, persons interested to submit their views relevant to the proposed project in writing or orally may also do so during the public hearing to be conducted **20-07-2022 at 11.00 A.M, Near Govt. High School, Siriapali village in Jharsuguda district.**

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA) / Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odia is also available in the following offices & the same can also be downloaded from the website www.ospcboard.org free of cost.

- District Collector's Office, **Jharsuguda.**
- District Industries Center, **Jharsuguda.**
- In the office of the Chief Executive Officer, Zilla Parishad, **Jharsuguda.**
- In the Head office of the State Pollution Control Board, Odisha, Paribesh Bhawan, A/118, Nilakanthanagar, Unit - VIII, Bhubaneswar - 12.
- Regional Office, State Pollution Control Board, Odisha, **Jharsuguda.**
- Department of Forest & Environment (Environment), Govt. of Odisha, Bhubaneswar

For any further clarification in the matter, the **Regional Officer, State Pollution Control Board, Jharsuguda** or the **Member Secretary, State Pollution Control Board, Odisha** at Bhubaneswar may be contacted.
