

1057

PROCEEDINGS OF THE PUBLIC HEARING MEETING CONDUCTED ON 17.09.2022 AT 11.00 AM AT DERANG VILLAGE PLAYGROUND IN FRONT OF DERANG G.P. OFFICE, DERANG VILLAGE UNDER KANIHA TAHASIL OF ANGUL DISTRICT IN RESPECT OF ENVIRONMENTAL ASSESSMENT FOR DERANG SAND QUARRY AND KHAJURIA SAND QUARRY (TWO QUARRIES UNDER CLUSTER) OVER AN AREA OF 12.14 HA. (6.07 HA + 6.07 HA) IN DERANG & KHAJURIA VILLAGES UNDER KANIHATAHASIL OF ANGUL DISTRICT.

Public hearing in respect of Environmental Assessment for Derang Sand Quarry and Khajuria Sand Quarry (Two Quarries Under Cluster) over an Area of 12.14 Ha. (6.07 Ha + 6.07 Ha) In Derang & Khajuria Villages Under Kaniha Tahasil of Angul District.

With reference to:

- i. EIA Notification S.O 1533 (E) Dtd. 14-09-2006

The panel consisted of following members:

- i. Sri Santosh Kumar Pradhan, Additional District Magistrate (Revenue), Angul District
- ii. Dr. Anup Kumar Mallick, Regional Officer, SPC Board, Angul.

Sri Santosh Kumar Pradhan, Additional District Magistrate (Revenue), Angul District, supervised and presided over the meeting, assisted by Dr. Anup Kumar Mallick, Regional officer, State Pollution Control Board, Angul and the representative of State Pollution Control Board, Odisha, Bhubaneswar.

At the outset Dr. Anup Kumar Mallick, Regional Officer, SPC Board, Angul welcome the other panel member and the public, gave an introduction about the guidelines to be followed for the public hearing in the light of EIA Notifications 2006 in respect of Environmental Assessment for Chandrabil Sand Quarry and Kamarei Sand Quarry (Two Quarries Under Cluster) over ML Area of 12.14 Ha. (6.07 Ha + 6.07 Ha) in Derang & Khajuria Villages under Kaniha Tahasil of Angul District.

Sri Suklambar Patra, Environmental Engineer Consultant of Atmos Sustainable Solutions Pvt. Ltd. and on behalf of Lessee of Derang Sand Quarry and Khajuria Sand Quarry of Angul District on behalf of the proponent addressed the committee members and assembled public and gave a brief description about the proposed project. He also briefed about Derang Sand Quarry and Khajuria Sand Quarry (Two Quarries Under Cluster) over ML Area of 12.14 Ha. (6.07 Ha + 6.07 Ha) In Derang & Khajuria Villages Under Kaniha Tahasil of Angul District with the peripheral development work that had been taken up in this area, and made a presentation about the environmental management, pollution control measures, solid waste-management of the related project. The copy of the statement of the sand quarry read out at public hearing proceedings is enclosed.

Regarding public hearing of Derang Sand Quarry and Khajuria Sand Quarry (Two Quarries under Cluster) over ML Area of 12.14 Ha. (6.07 Ha + 6.07 Ha) In Derang & Khajuria Villages Under Kaniha Tahasil of Angul District was publicized at one English Daily newspaper and one Odia daily newspaper before one month. It was also publicized at the office notice Board of Derang Gram Panchayat Office, Tahasil Office Kaniha, Jilla Parisad Office Angul, Block Chairman Office, Kaniha and local villages of Derang, Khajuria etc. Public hearing also publicized through loud speaker at the Derang and Khajuria village area.

Dr. Anup Kumar Mallick, Regional Officer, State Pollution Control Board, Regional Office, Angul & representative of State Pollution Control Board Odisha then invited the public to present their views about the proposed project on environmental consideration.

The views expressed by various speakers are as follows:

01	Sri Gurubaria Sahu, Derang village
	He greeted everyone and mentioned that previously sand loaded vehicles were transported through three different roads which caused many air pollution. So he requested to construct single road for transportation of sand loaded vehicle. He said that the top soil of the sand quarry should be kept in a demarcated place and after completion of sand quarry excavation work the void should be

	filled with the top soil so that during monsoon the river will not have any type of flow monsoon water. Priority shall be given for local employment and payment should be given as per government's unskilled labour pay rate and it should inform the village committee about the no. of employment given to local villagers. He expressed they should maintain the air and water pollution guidelines and he agreed for the operation of sand quarry.
02	Sri Sarat Kumar Pradhan, Derang
	<p>He expressed that project / industry in any area leads to some percentage of environmental pollution. But on the other side project / industrialization in any area leads to peripheral development. He cited that in the river Government provided three numbers of lift irrigation pumps but due to operation of sand quarry water level in the river has been decreasing and these lift irrigation pumps now became defunct condition.</p> <p>He told that due to operation of sand quarry pits have been developed in the river mouth which creates difficulty in bathing / day to day activities and is havoc for children and cattle. So, he stated that if these problems would be resolved then they will have no problem in the operation of quarry.</p>
03	Sri Santosh Kumar Behera, Derang
	<p>He expressed sand mining is very much essential as sand is always required for construction of houses and other projects. He requested that local tractors should be given priority for lifting and transportation of sand. Local employment should be given priority. He also requested that if the Lessee wants to do sand mining during night time then proper illumination with street light facility shall be provided. Operation of sand quarry will lead to generation of employment, government revenues and all-round development in the area. He requested to the Lessee that with the sand mining activity they should initiate proper water sprinkling in all village approach roads with road maintenance from time to time. There shall be strict adherence of sand transportation during school timings. He finally agreed to the operation of sand quarry considering all these problems to be taken care of.</p>
04	Sri Lipika Pradhan, Hanmanpur Sarpanch
	<p>She expressed that runoff from ash pond goes directly to the river which spreads different diseases in the village. So, she requested to the Lessee of concerned sand mine to take necessary steps during sand mining activity which will benefit for the betterment of panchayat.</p>

Mallick

J

05	Bichala Charana Sahu, Derang
	He expressed that for operation of sand mining Government first starts tendering process. But granting of EC from the Government takes 2 to 3 years for which lessee could not able to start sand mining and without EC nobody able to lift sand. For this reason, contractors were facing many difficulties for construction of all types housing project and other construction project work delayed. He requested that EC should be granted within 3-6 months after the public hearing. Thefting of sand is mostly due to delay process of Government EC. If EC generates in time then there will be no thefting of sand. So he requested to the panel members to look into the matter so that EC generates as early as possible. He told that there are two major industries namely TSTPS NTPC Kaniha and JITPL situated surrounding the village Derang and polluting the environment. He requested to take stringent actions against these two industry otherwise they will go for agitation.
06	Kalyan Biswal, Khajuria
	He expressed that the sand quarry should operate by following Government's stipulated guideline. Previously, sand excavation was done through JCB machines and for which small voids creates and during rainy season these voids will create so many problems. He requested that in future this type of mechanized mining should restrict by the Government.
07	Arjun Kumar Sahu, Derang
	He expressed displeasure over the problems faced by the villagers due to operation of NTPC, JITPL. He stated that public hearing was also conducted for both these industries and different demands were raised by the villagers. Till date no demands have been fulfilled by these two industries as promised before and villagers are facing so many problems. He told why Government is going for public hearing in respect of small patch sand quarry.
08	Sarba Gochayat, Derang
	He expressed that opening of sand mine in this area & production will lead to generation of Government revenues and more development of surrounding villages and more employment generation of the area. He expressed that due to scarcity of sand, completion of all Government construction projects is delayed. Villagers are not getting sand properly in respect to the inhouse construction works. <i>Now a days sand mine is being operated through mechanically for which voids are being created inside river stretch.</i> He demanded that with the sand mining activity local employment, proper dust suppression measures on village roads, repair and maintain of village roads and afforestation should be taken up by the lessee with the production. He expressed his views in support of the proposed sand mining project.

Hallik

J

'09	Kandarpa Behera, Derang (Regional Welfare Association President)
	He welcomed the gathering of the public hearing and also welcomed the proposed sand mining project. He supported the views expressed by previous speaker. He expressed that due to scarcity of sand, completion of all Government construction projects is delayed. He requested to the District Administration to provide necessary clearances as soon as possible.
10	Susant Kumar Das, Derang
	He expressed displeasure over the problems faced by the villagers due to operation of NTPC, JITPL. He stated that why public hearing is not conducting for pollution problem in respect to these industries. Till date no demands have been fulfilled by these two industries as promised before and villagers are facing so many problems. He told why Government is going for public hearing in respect of small patch sand quarry. He expressed that due to scarcity of sand, completion of all Government construction projects is delayed. He requested to the District Administration to provide necessary clearances as soon as possible. He requested to maintain adequate pollution control measures, repair and maintenance of village roads and strict adherence of sand mining guideline.
11	Sanjukta Behera, Derang (Sarpanch)
	She supported the views expressed by previous speakers. She mentioned that this is the only single road which is being used by villagers and movement of sand loaded and unloaded trucks. So, she urged that while plying of sand loaded vehicles through this village road, they should adopt tarpaulin covering of vehicle, speed restriction, proper dust suppression measures by water sprinkling. The lessee should maintain village roads. She expressed her views in support of the proposed sand mining project.

At the end villagers submitted their written representation before the panel members are enclosed separately.

Observation:

Generation of local employment opportunity, repair and maintenance of village road, and adequate air and water pollution control, speed restriction, tarpaulin coverage on trucks and afforestation etc. were the most important issues emerged during the discussion.

Dr. Anup Kumar Mallick, Regional Officer, State Pollution Control Board, Angul & representative of State Pollution Control Board, Odisha, prepared the summary of the public hearing proceedings accurately reflecting the views and concerns expressed by the speakers with the inclusion of comments of the applicant read over to the audience at the end of the meeting explaining the contents in the Odia Language and the agreed minutes of public hearing meeting was prepared. The statement of issues and concerns of public with the comments of applicant, prepared in Odia and English language is annexed herewith separately.

The President of Public Hearing meeting Sri Santosh Kumar Pradhan, Additional District Magistrate (Revenue), Angul District, ratified the minutes of meeting and with the views and demands of public. He then delivered vote of thanks to the public for extending co-operation in smooth conducting of the public hearing proceedings.

The meeting was ended with thanks to the chair.

STATE POLLUTION CONTROL BOARD, ODISHA
(Department of Forest, Environment & Climate Change, Govt. of Odisha)
Parivesh Bhawan, A/118, Nilakanthanagar, Unit-VIII, Bhubaneswar - 751012

No. 14322 / IND-II-PH-1051

Date 10.08.2022

NOTICE

CAD-1460

It is brought to the notice of all concerned The Tahsildar, Kaniha has proposed to have Environmental Assessment for Deranga Sand Quarry and Khajuria Sand Quarry (Cluster over an area of 12.14 Ha. (6.07 Ha. + 6.07 Ha.) in Village Deranga and Khajuria under Kaniha Tehsil of Angul District to obtain Environmental Clearance from State Environment Impact Assessment Authority (SEIAA), Odisha. The proponent has applied to the State Pollution Control Board, Odisha, Bhubaneswar for a Public Hearing.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification No. S.O. 1533 (E) Dtd. 14.09.2006, the Board has been authorized to conduct environmental public hearing and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site / sites of displacement / sites likely to be affected.

For the above purpose, a person will only mean:

- Any person who is likely to be affected by the grant of Environmental Clearance.
- Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- Any association of persons whether incorporated or likely to be affected by the project and / or functioning in the field of environment.
- Any local authority within any part of whose local limits is within the neighborhood, wherein the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post. Besides this, persons interested to submit their views relevant to the proposed mining project in writing or orally may also do so during the public hearing to be conducted on 17-09-2022 at 11.00 A.M at Deranga village Play Ground, in front of Deranga G.P Office, Deranga village under Kaniha Tehsil of Angul District.

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA) / Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odia is also available in the following offices & the same can also be downloaded from the website www.ospboard.org free of cost.

- District Collector's Office, Angul.
- District Industries Center, Angul
- In the office of the Chief Executive Officer, Zilla Parishad, Angul
- In the Head office of the State Pollution Control Board, Odisha, Parivesh Bhawan, A/118, Nilakanthanagar, Unit - VIII, Bhubaneswar -12.
- Regional Office, State Pollution Control Board, Odisha, Angul
- Department of Forest & Environment (Environment), Govt. of Odisha, Bhubaneswar

For any further clarification in the matter, the Regional Officer, State Pollution Control Board, Angul or the Member Secretary, State Pollution Control Board, Odisha at Bhubaneswar may be contacted.
