PROCEEDINGS OF THE PUBLIC HEARING FOR GRANT OF ENVIRONMENTAL CLEARANCE FOR THE PROPOSED DHOLTA PAHAR IRON ORE BLOCK FOR PRODUCTION OF IRON ORE UP TO 2.0 MTPA ALONG WITH 700 TPH CRUSHING UNIT AND 650 TPA SCREENING UNIT WITHIN THE MINING LEASE AREA OF 60.508 HA IN SARKANDA RF NEAR VILLAGE DANGULA UNDER KOIRA TEHSIL OF SUNDERGARH DISTRICT HELD ON DATED 14-10-2022 AT 10:30AM AT THE FOOTBALL GROUND NEAR DENGULA GOVERNMENT HIGH SCHOOL, VILLAGE-DENGULA, TAHSIL-KOIRA, IN THE DISTRICT OF SUNDARGARH

The public hearing of M/s Kashvi Power and Steel Pvt. Ltd. for grant of environmental clearance for the proposed Dholta Pahar iron ore block for production of Iron Ore up to 2.0 MTPA along with 7 TPH crushing unit and 650 TPH Screening unit within the mining lease area of 60.508 Ha in Sarkanda reserve forest near village Dengula under Koira tahsil in the District of Sundargarh. Sri Abhimanyu Behera, Additional District Magistrate, Sundargarh, supervised and presided over the public hearing process. Dr. Binod Bihari Dash, Senior Environmental Scientist and Regional Officer, State Pollution Control Board, Odisha, Rourkela delivered welcome address, organised and conducted the public hearing meeting in association with district administration.

The Public Hearing in respect of the above proposed Dholta Pahar Iron Ore stated as per the schedule and the venue decided by the District Magistrate in accordance with the EIA Notification S.O.1533 (E) dated 14.09.2006 and subsequent amendment therein. The State Pollution Control Board, Odisha, Bhubaneswar had advertised in newspaper in Odia daily Prameya on dtd 13.09.2022 and in English daily- The Times of India on dtd. 13.09.2022. The Public Hearing meeting with regards to date, place and time was announced in public address system apart from its publication in local dailies. The attendance sheet of the public attended the public hearing is annexed as Annexure – I. around 229 nos. of persons had attended the public hearing meeting where as 45 persons had delivered their views whose list is annexed as Annexure II.

At the outset, Dr. Binod Bihari Dash, Regional Officer, State Pollution Control Board, Odisha, Rourkela welcomed the panel members and the public presented in the meeting. He briefly described the objectives and procedure followed for conducting the Public Hearing as per the EIA Notification S.O.1533 (E) dated 14.09.2006 of Ministry of Environment, Forest & Climate Change (MoEF & CC), Govt. of India. He also explained about the importance of such hearing for the proposed Dholta Pahar Iron Ore Block of M/s Kashvi Power and Steel Pvt. Ltd. for production of capacity of upto 2.0 MTPA along with 700 TPH crushing unit and 650 TPH Screening unit within the mining lease area of 60.508 Ha for grant of Environmental Clearance and also invited views, comments, objections & opinions of the public which are necessary while

considering the environmental clearance of the project and he also told that those who want to give their written statement about the proposed projects, they can do so during the public hearing process. He requested Additional District Magistrate, Sundargarh to preside over the meeting.

Welcoming the public, the panel members, Press Media, Police Officers and the assembled public in the meeting, Sri Abhimanyu Behera, Additional District Magistrate, Sundargarh, briefly explained the about the purpose of the public hearing about the proposed Dholta Pahar Iron Ore Block of M/s. Kashvi Power and Steel Pvt. Ltd., At: Dengula Village under Koira Tahsil of Sundargarh District. He also described the importance of environmental impact studies carried out for the proposed Iron Ore Block and the views, comments, objections and opinions of the public are necessary while considering the Environmental Clearance of the project. He told that the project proponent will present the summary of environmental impact studies for the proposed project for the knowledge of the Public. He invited the villagers to present their views, opinions & objections about the proposed project on environmental consideration. He also told that the public can also submit written representations. He requested the Regional Officer, SPCB, Odisha, Rourkela to carry out further proceeding of the meeting.

Regional Officer, SPCB, Odisha, Rourkela asked the representative of Project Proponent of M/s. Kashvi Power and Steel Pvt. Ltd., to make a brief presentation before the public gathered in the meeting about the details of environmental impact assessment report of the proposed project in a simple summarized manner for better understanding of the Public.

On behalf of the Project Proponent, Sri Dhira Nirod Parida, Agent of the mine of M/s. Kashvi Power and Steel Pvt. Ltd., welcomed the panel members, public and all other participants and gave a brief description about the Dholta Pahar Iron Ore Block of M/s. Kashvi Power and Steel Pvt. Ltd. He expressed the details of proposed project which are as follows:

- The virgin iron ore block of Dholta pahar iron ore block located at village Dengula has been awarded to M/s. Kashvi Power and Steel Pvt. Ltd. as the highest bidder in the auction process conducted by Odisha. The proposed mining measuring 60.508 Ha will be leased for a period of 50 Years from the date of execution of lease. The new proposed mine locate in koira tahsil in the District of Sundargarh has proposed an annual production of 2 million tonnes of Iron ore and will use mobile crushing plant and mobile screening plant for the same.
- State Environment Impact Assessment Authority, (SEIAA), Odisha has issued TOR for preparation of EIA/EMP report of the project vide their letter No. 4224/SEIAA Dated 15.03.2022. In this context, M/S-. Oceao-Enviro Management Solutions (India) Pvt. Ltd. has been appointed for preparation of EIA/EMP report. The Indian Bureau of Mines has approved the proposed mining plan for preparation of 2 million tonnes of Iron Ore per annum vide letter No.MP/A/19-ORI/BHU/2021-22, dated 24.11.2021.

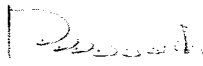

- Various programs for environmental management and development will be adopted if the proposed mine becomes operational. The emission noise and vibration will be controlled by plate tripod and control valve. Water will be sprinkled by tanks on Haul Road. Coir matting, plantation and grass seeding will be done for proper management of the dump. Retaining wall, garland drain and settling tank will be provided at the lower part of the dump. Extensive plantation of trees will be done in other vacant areas of the proposed mine, green belt area. Remedial measures will be regularly tested and displayed for public viewing through electronic boards. Extensive planting of trees around mine lease will minimize sound wave penetration.
- Mine operations and tailings will be treated as per regulations by regulatory agencies. Air quality in this area is within acceptable limits and even if there is slight increase after commencement of mining activities, it will be kept within the permissible limits by proper management by the company. Other environmental management plans will be done as per the environmental impact assessment and environmental management plan of the appointed M/s. Oceao-Enviro Management Solutions (India) Pvt. Ltd.
- In this project, the local people will be employed directly and indirectly based on their merit and experience. Provision will be made for free health care, ambulance and medicines, etc. For the improvement of education, construction of school houses, provision of toilets, etc., improvement of rural roads, development of sports and culture, and various programs will be introduced for the development of livelihood and animal resources. Programs will be made for social development along with education, health, and livelihood.

The Regional Officer, SPCB, Rourkela then invited the public to register their names to put forth their views, suggestion, comments and objections on matters relating to environmental aspects of the project. Then the public deliberated on various issues one by one which are as follows;

1. Sri Laxman Mahakud, Village Dengula:

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. He expects with the opening of mines, the road, transportation and school education will enhance, people will get job opportunities. There is no operational mine in the locality since long days. So the development process is halted. Some people got employment in nearby mine still few people are awaiting to get opportunity. With the development of the locality, the nation will be prosperous. Hope company will formulate new schemes along with the ongoing Govt. schemes for the welfare of the people. He requested the company to control water & air pollution and to plant sapling to enhance forest cover. He further requested the company authority to provide jobs to the local people on priority basis. He expressed his support in favour of the project.

Rourkela

2. Sri Ananda Barik, Koira :

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. He expresses his support towards the mines along with the screening and crushing unit. With the development of mines, educated youth of the locality will get job opportunities as well as the economic potential of the region will be strengthened. Koida region is a mineral rich region. People earn their livelihood from the mines by various means. He requested the senior official of the company to provide job to local youths on priority basis during the mineral extraction. During any difficulty company will try to resolve the issue in consultation with the Panchayat and other local stakeholders. For the transportation of ore there are 4 numbers of siding in Koira Block and another railway siding at Barsuan in Lahunipada block. Thousands of labourer earn their livelihood from the loading of raw materials in the railway sidings. He requested the company to engage the local lorries for the transportations of raw materials and to provide sufficient raw materials to the railway sidings. At Patmunda, one of the Asia's largest Manganese mine has been closed since a long days. So People face difficulties to earn livelihood. During this difficult time, when Kashvi Company has put forward to operate the mines, they whole heartedly support the attempt of the company. He requested the company to protect the environment, to plant orchard species along the roadside, to distribute at least 4 tree saplings to every household for free. Company to ensure afforestation by celebrating Vanamahostav. He requested the company to plant orchard species instead of native species in the buffer zone.

3. Sri Tiran Nayak, Village Dengula :

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. They don't have a mine in locality. So they support this Public hearing. It is no more possible to cultivate, as since 6-7 years during the cropping season Elephant poaching repeatedly occurs. With the opening of Kasvi mines people will get source of income. Kuradhi nallah flows through Barsuan, has historical significance. It bears very neat and clean water fit for human consumption. Wildlifes are also feeds on it. He requested the company authority for the preservation of that nallah. He supported the Project.

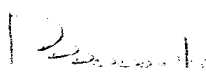

4. Sri Damadev Dehury, Village Dengula :

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. With the opening of mines people will get employment opportunity, So he supported the project.

5. Suru Munda, Village Dengula :

She greeted & welcomed the panel members, gathered public, elderly persons, villagers and all other participants to the meeting. She expect, with the opening of mines numerous problems will be resolved. So on behalf of her villagers, she expressed her support to the project.

6. Raju Mahakud, Village Dengula :

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. Local people will get employment after the opening of mines. So he supported the project.

7. Kusumita Patra , Village Dengula :

She greeted & welcomed the panel members, gathered public and all other participants to the meeting. She whole heartedly welcomed the company. Educated youth are searching jobs here and there, but they fail to find one. She wishes smooth conduct of the project. She expect a major contribution of company on developmental affairs.

8. Mahidhar Naik, Village Dengula :

He said that development on Road, transportation, education will be done by the company. He supported the project.

9. Baikunta Naik, Village Dengula :

He expects jobs for unemployed youth. He supported the project on behalf of the village.

10. Phula Naik, Village Dengula :

She greeted & welcomed the panel members, gathered public and all other participants to the meeting. She extended her thankfulness to the company for the upcoming project. She requested the company to make a hump in front of the School, as many mishap happens there.

11. Padma Mahakud, Village Dengula:

She greeted & welcomed the panel members, gathered public and all other participants to the meeting. She expressed her happiness for the proposed project. She expects job opportunities for the unemployed youth. She requested the company to preserve the Hills and Biodiversity, once upon time, from where the elderly people, find their livelihood.

12. Raja Patra, Village Dengula, Worker, Swachha Bharat Mission:

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. He focused on Education, Health and Environment. He supported the Project.

13. Bhanumati Naik, Village Dengula:

She greeted & welcomed the panel members, gathered public and all other participants to the meeting. She said with opening of Iron ore Mines their sufferings will end. She supported the project.

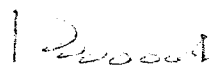

14. Bipin Mahakud, Village Dengula:

He greeted & welcomed the panel members, gathered public and all other participants to the meeting.

15. Tanamani Naik, Village Dengula:

He supported the project.

Dumkila

16. Baisakhi Naik, Village Dengula :

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. Villagers will feel happy if the project resumes. Youth will get job opportunity. Numerous sufferings will end. She supported the project.

17. Uddhab Mahakud, Village Dengula :

He requested the company to preserve the natural sources of water. He supported the project.

18. Paramananda Naik, Village Dengula:

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. Local youth will get employment opportunities if company operates. He supported the project.

19. Duryodhan Naik, Koira:

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. He welcomed the Public Hearing. The local unemployed youth will get employment in priority basis. He supported the project.

20. Kuna Pujari, Tensa:

He welcomed and supported the project. He expect development of the periphery , employment of youth and protection of Environment.

21. Babuli Munda, Sarapanch, Dengula Gram Panchayat:

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. Kasvi project is going to be the first mine in Dengula Panchayat. The upcoming project is falling within Reserved forest. The only remaining hill is now going to be mine. That is the habitat of different species of Wildlife. Steps should to be taken to preserve the fragile habitat and two pre-existing Nallahs. Certain amount to be invested from the company in the periphery for the development of transportation and Education.

22. Mohan Mahakud, Village Dengula:

Companies are not keeping their promises regarding employment and Pollution Control.

23. Umesh Mahakud, Village Dengula:

He focused on the contamination of Pre-existing Nallahs.

24. Kuranakar Patra, President, B.J.D.,Koira Block:

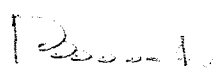

He greeted & welcomed the panel members, gathered public and all other participants to the meeting. He expressed happiness as Dengula is included in the Mine map of Odisha. He supported the project. He supported the views of his previous speakers.

25. Sandhyarani Dehury, Village Dengula:

She greeted & welcomed the panel members, gathered public and all other participants to the meeting. She supported the project.

EXECUTIVE SUMMARY OF THE PUBLIC HEARING FOR GRANT OF ENVIRONMENTAL CLEARANCE FOR THE PROPOSED DHOLTA PAHAR IRON ORE BLOCK FOR PRODUCTION OF IRON ORE UP TO 2.0 MTPA ALONG WITH 700 TPH CRUSHING UNIT AND 650 TPA SCREENING UNIT WITHIN THE MINING LEASE AREA OF 60.508 HA IN SARKANDA RF NEAR VILLAGE DANGULA UNDER KOIRA TEHSIL OF SUNDERGARH DISTRICT HELD ON DATED 14-10-2022 AT 10:30AM AT THE FOOTBALL GROUND NEAR DENGULA GOVERNMENT HIGH SCHOOL,VILLAGE- DENGULA, TAHSIL-KOIRA, IN THE DISTRICT OF SUNDARGARH

Sl. No.	Issues raised by the Public	Response of the Project Proponent
A. Environmental Issues		
1	Issues related to Air Pollution and Mitigation measures.	<ul style="list-style-type: none"> • The Air Pollution due to drilling, blasting, crushing & screening and transportation will be taken care of scientifically by experts appointed in the mines. Wet drilling will be deployed to reduce dust generation during drilling. • Extensive water sprinkling will be made on haul roads to minimize fugitive dust emission, inbuilt dry fog system will be installed in mobile crushing & screening plants to minimize and control air borne dust.
2	Issues related to Water Pollution and Management, protection of Kuradhi Nala.	<ul style="list-style-type: none"> • The dump will be properly terraced and garland drain, retaining wall and settling tank will be made at the toe of the dump to collect wash off. The mine run off will be treated through check dams. Priority will be given to water so collected to be used for water sprinkling on haul road and excess water if any, will be discharged outside after proper treatment. All care will be taken to protect Kuradhi Nala and not to pollute it.

 District Magistrate

[Handwritten signature]
 District Magistrate

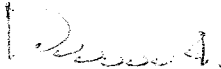

3.	Issues related to Ground Vibration	<ul style="list-style-type: none"> Controlled blasting as per DGMS guidelines will be practiced for less noise and ground vibration as well as minimum fly rocks. Due to this practice the fly rocks will be limited to less than 300 meters distance.
4.	Issues related to plantation, Soil erosion, transplantation of Sal trees and distribution of saplings.	<ul style="list-style-type: none"> Soil erosion will be controlled effectively by massive plantation on dump slope. In addition to this, inactive part of the dump will be covered with coir mat and grass seeds will be broadcasted over it and plantation will be made over the coir mat. Thick plantation will be done in the safety zone, dump slope and vacant area of the mines. Priority will be given to local species and fruit bearing plants. As far as transplantation of Sal trees is concerned, the forest nursery is growing Sal saplings and this will be procured for plantation in the mines. The company will distribute fruit bearing trees by organizing Van Mahotsava every year after opening of the mine. If required more nos. of fruit bearing trees will be distributed. Compensatory afforestation will be done in lieu of the tree felled due to mining and the net forest growth will be more than it is disturbed due to mining.

5.	Issues related to Wildlife Management.	<ul style="list-style-type: none"> • The Company will contribute to the Forest Department for the conservation of wildlife in the area and will take steps for conservation as per Wildlife Conservation Plan prepared by the Forest Department. • Steps should be taken to preserve the fragile habitat to facilitate the movements of the Wildlife.
B. Employment		
1	Issues related to Employment.	<ul style="list-style-type: none"> • Priority will be given to employ local people as per their skill level and qualification as the mine resumes operation.
C. Peripheral developmental Issues		
1	Issues related to Water Supply	<ul style="list-style-type: none"> • The Company will provide water supply system through bore well, OHT through pipeline, etc. to the nearby areas. After opening of the mines, this facility will be extended to nearby villages, if the water facility system is not existed in these villages.
2.	Issues related to SHG group.	<ul style="list-style-type: none"> • The Company will support SHG Groups after opening of the mines and the support will be done continuously.
3.	Issues related to Health Care Facility.	<ul style="list-style-type: none"> • When the mines will resume operation, ambulance facility, periodical health check-up, free distribution of medicine will be arranged. • Awareness will be created for malaria eradication and if necessary, anti-malaria spray will be provided.

No. 16535/IND-II-PH-1078

Date : 12.09.2022

NOTICE

It is brought to the notice of all concerned M/s Kashvi Power & Steel Ltd. has proposed to have Environmental Assessment for Dholta Pahar Iron Ore Block for production of Iron ore up to 2.0 MTPA along with 700 TPH crushing unit and 650 TPA screening unit with in the mining lease area of 60.508 ha. in Sarkanda RF near village Dengula under Koira tehsil of Sundargarh district to obtain Environmental Clearance from the State Environment Impact Assessment Authority (SEIAA), Odisha. The proponent has applied to the State Pollution Control Board, Odisha, Bhubaneswar for a Public Hearing.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification No. S.O. 1533 (E) Dtd. 14.09.2006, the Board has been authorized to conduct environmental public hearing and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site/sites of displacement/sites likely to be affected.

For the above purpose, a person will only mean:

- Any person who is likely to be affected by the grant of Environmental Clearance.
- Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- Any association of persons whether incorporated or likely to be affected by the project and / or functioning in the field of environment.
- Any local authority within any part of whose local limits is within the neighborhood, wherein the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post. Besides this, persons interested to submit their views relevant to the proposed mining project in writing or orally may also do so during the public hearing to be conducted on 14.10.2022 at 10.30 A.M at Football Play Ground near Dengula Govt. High School of Dengula village in Sundargarh district.

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA)/Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odia is also available in the following offices & the same can also be downloaded from the website www.ospcboard.org free of cost.

- District Collector's Office, Sundargarh.
- District Industries Center, Sundargarh.
- In the office of the Chief Executive Officer, Zilla Parishad, Sundargarh.
- In the Head office of the State Pollution Control Board, Odisha, Parivesh Bhawan, A/118, Nilakanthanagar, Unit -VIII, Bhubaneswar -12.
- Regional Office, State Pollution Control Board, Odisha, Rourkela.
- Department of Forest & Environment (Environment), Govt. of Odisha, Bhubaneswar.

For any further clarification in the matter, the Regional Officer, State Pollution Control Board, Rourkela or the Member Secretary, State Pollution Control Board, Odisha at Bhubaneswar may be contacted.
