**NOTIFICATION**

**Bhubaneswar, Dated the 12 April, 2023**

No. **FE-ENV3-ENV-0014-2017** 7271, In partial modification to this Office Notification No. 7485, dated the 12<sup>th</sup> April 2021 and No. 16458 dated the 16<sup>th</sup> September 2021, regarding the fuel policy of the State of Odisha, the State Government hereby makes the following amendment in the said Notification, namely,-

- I. In (n) Pet Coke, Bullet No. 4 i.e. "Raw Pet Coke having Sulphur content less than 3.5% shall be allowed for use in CPC units with the condition of more than 90% recovery of SO<sub>2</sub> emission through flue gas desulphurization system" shall be replaced as follows:

"The Sulphur content in the feedstock of CPC unit shall not be more than 3.5%. The Sulphur content in the feedstock to CPC unit may be maintained at 3.5% and less by blending of pet Coke / Raw Pet Coke of different Sulphur content in appropriate proportion with the condition of more than 90% recovery of SO<sub>2</sub> emission with appropriate pollution control measures"

- II. In (o) Furnace Oil, Bullet No. 3 i.e. "All the industries using furnace oil shall shift to use of cleaner fuel with low Sulphur content such as Low Sulphur Heavy Stock (LSHS) / Light Diesel Oil (LDO) / Gas, replacing furnace oil within a period of two years" shall be replaced as follows:

- Furnace Oil shall be substituted with LSHS or any other cleaner fuel with the low level of Sulphur in a gradual manner. Oil marketing companies shall develop infrastructure in One year for Low Sulphur Heavy Stock (LSHS) distribution system for critically and severely polluted areas and non-attainment cities.
- Use of Furnace Oil, in industries, shall be substituted completely in critically / severely polluted areas and non-attainment cities within a period of two years starting from the 1st year of development of infrastructure by the Oil Marketing Companies.
- Use of Furnace Oil, in industries in all other areas of the State shall be substituted completely within a period of three years.
- No new industries shall be allowed to use Furnace Oil in critically / severely polluted areas and non-attainment cities.

- III. Fuel "Low Sulphur Heavy Stock (LSHS) premium (1.5% Sulphur maximum)" will be allowed for use in the State of Odisha in addition to the approved fuels as (p) in the Notification.
