

# Monthly Air Quality Bulletin December-2025

**STATE POLLUTION CONTROL BOARD, ODISHA**  
**JANUARY-2026**

# 10 WAYS TO BEAT AIR POLLUTION

## CONSERVE ENERGY

Turn off lights and electronics when not in use at home, at work, everywhere.

## USE PUBLIC TRANSPORT

Consider public transport, carpool, cycle or walking as options for commuting.

## RAISE AWARENESS

Raise awareness in your community about the ill-effects of air pollution and how to counter it.

## RECYCLE

Help reduce the amount of waste produced by recycling.

## BETTER WASTE MANAGEMENT

Avoid open-air burning of waste, and segregate waste according to the municipal norms.

## SAY NO TO FIRECRACKERS

Use traditional 'diyas' and 'kandils' to decorate and celebrate festivals and events.

## ALTERNATIVE ENERGY SOURCES.

Use green alternative energy like unleaded petrol and CNG.

## REGULAR POLLUTION CHECKS FOR VEHICLES

Replacement of worn-out filters ensures that the vehicle is following the prescribed emission norms.

## TURN OFF CAR ENGINES WHEN NOT IN USE

At traffic signals, turn off your engine if you need to stop for more than 30 seconds.

## PLANT MORE TREES

Trees help us absorb excess carbon dioxide and reduce greenhouse emissions.

# 3 Steps to Overcome Air Pollution

## 1. Reducing Vehicle Emissions

Encourage the use of public transportation, car sharing, or electric vehicles to reduce exhaust emissions which contribute to air pollution.

## 2. Improved Energy Efficiency

Introduce more energy-saving technologies in industry, households and other sectors to reduce fossil fuel use and greenhouse gas emissions.

## 3. Use of Clean Energy Sources

Switch from fossil fuel power plants to renewable energy sources such as solar power, wind power and hydro energy to reduce air pollution from the energy sector.
